Application No.	Key Proposed Variation(s)	Reason(s) for Variation(s)	With reference to section 6.2 of the EIAO-TM, there is <u>no</u> material change to the environmental impact of the project with the mitigation measures in place	The project complies with the requirements described in the EIAO-TM	The Director agreed to amend the environmental permit without calling for an EIA report under s13(5) of the EIAO in consultation with relevant Authorities (Please check the box below)
VEP-636/2024	<ul style="list-style-type: none"> Condition 2.6 of the Environmental Permit allows the Permit Holder to submit design changes to operational air quality mitigation measures to the Director for approval no later than one month before commencement of operation of the Project. The proposed variation is to adjust the submission timeframe of the design change to the Director for approval to “no later than one month before the implementation of the design change”. 	<ul style="list-style-type: none"> The proposed variation can allow flexibility for the Permit Holder to consider alternative design of the mitigation measures during operation of the Project to suit the latest environmental and operation conditions 	<ul style="list-style-type: none"> The proposed variation only involves a change in submission timeframe of design changes of mitigation measures, which does not involve any actual design changes to the mitigation measures or any physical change to the Project. Hence, there is no material change to the environmental impact of the Project with the current mitigation measures in place.
