Dear Sir,

Contract No. HMWSD 2/2020 (HY)

Establishment of Landscape Softworks for the Tuen Mun - Chek Lap Kok Link

Environmental Permit No.: EP-354/2009/D

22<sup>nd</sup> Monthly Environmental Monitoring and Audit (EM&A) Report –January 2023

We write to certify the 22<sup>nd</sup> Monthly Environmental Monitoring and Audit (EM&A) Report –January 2023 (TCS01137/20/600/R0087v1) in accordance with Condition 4.4 of the Environmental Permit no. EP-354/2009/D.

Should you have any queries or require further information, please feel free to contact us or the undersigned at Tel: 2959-6059 or Fax: 2959-6079.

Yours sincerely, For and on Behalf of

#### **EXECUTIVE SUMMARY**

ES01 This is the 22<sup>nd</sup> Monthly EM&A Report presenting the monitoring results and inspection findings under the Contract HMWSD 2/2020 (HY) for the period from 1 to 31 January 2023 (hereinafter 'the Reporting Period').

#### SUMMARY OF EM&A ACTIVITIES FOR THE REPORTING PERIOD

- ES02 The EM&A activities conducted in the Reporting Period under this Contract are summary in below:-
  - Landscape & Visual Monitoring (Establishment period) –1 events
- ES03 The Establishment Period monitoring once per three months for planting works was commenced on 1 June 2020 for the planting area under the contract HY/2012/07 & HY/2013/12 and commenced on 1 February 2021 for the planting area under the contract HY/2017/10 according to the EM&A manual requirement. One establishment period inspection was conducted by this contract during this reporting period for the planting area Contract HY/2017/10 (Zone 1 to 5). Moreover, one establishment period inspection was conducted for the planting area HY/2017/10 (Zone 6) by other Contract's ET (HY/2021/13) during this reporting period.

#### **ENVIRONMENTAL COMPLAINT**

ES04 In the Reporting Period, no environmental complaint was received.

ES05 The statistical summary of environmental complaints is summarized in the following table.

Donauting Davied	<b>Environmental Complaint Statistics</b>		
Reporting Period	Frequency	Cumulative	
Since the Contract commencement	0	0	
December 2022	0	0	

### NOTIFICATION OF SUMMONS AND SUCCESSFUL PROSECUTIONS

ES06 No environmental summons or successful prosecutions were recorded in the Reporting Period.

#### REPORTING CHANGE

ES07 No reporting changes were made in the Reporting Period.

#### **FUTURE KEY ISSUES**

- ES08 The Project TM-CLKL had been commissioning at the end of 2020 and the major construction works under the Project had been completed at the end of March 2021. According to the Project EM&A Manual requirement, operational phase EM&A works will be undertaken for a period of two years after the commission of the project
- ES09 According to the Project EM&A Manual requirement, monitoring for the planting works at a frequency of 3 months interval during the 24-month establishment period is required to make sure the establishment planting works is complied with EMIS requirement, and during the 12-month establishment period, the maintenance operations must be supervised by fully qualified Landscape Resident Site Staff (Registered Landscape Architect or Professional Member of the Hong Kong Institute of Landscape Architects). Subsequent to the 12-month establishment period supervised by the qualified Landscape Resident Site Staff, the supervision from the 13<sup>th</sup> to the 24<sup>th</sup> month would be continued by other members of the Project.

# Contract No. HMWSD 2/2020 (HY) Establishment of Landscape Softworks for the Tuen Mun - Chek Lap Kok Link 22<sup>nd</sup> Monthly Environmental Monitoring and Audit (EM&A) Report – January 2023

- ES10 According to the contract arrangement, the establishment planting area under the Contract HY/2012/07 Zone 1, 3 & 4, the Contract HY/2013/12 and the Contract HY/2017/10 Zone 1 to 5 were handover to this contract from December 2020, June 2021 and 27 May 2022. For the establishment planting area under the Contract HY/2012/07 Zone 2, it was handed over to the ET of Contact HY/2017/10 until 9 February 2022. Therefore, the establishment planting inspection and maintenance works for the establishment planting area under the Contract HY/2012/07 Zone 1, 3 & 4, the Contract HY/2013/12 and the Contract HY/2017/10 Zone 1 to 5 responded by this Contract was commenced from December 2020, June 2021 and 27 May 2022.
- ES11 After 10 February 2022, the maintenance for the planting areas HY/2012/07 (zone 2) and HY/2017/10 (Zone 6) was handed over to another contract HY/2021/13.
- ES12 The 24-month establishment period for the planting area under the Contract HY/2012/07 and the Contract HY/2013/12 were completed at the end of May 2022. Furthermore, the 24-month establishment period for the planting area under the Contract HY/2017/10 was completed at the end of January 2023.
- ES13 The entire establishment monitoring for the planting area within the TMCLKL Project boundary was completed. The condition of the planted tree is satisfaction. Moreover, the species and quantity of tree planted in those areas are complied with the approved Landscape &Visual Plan / Planting Schedule.
- ES14 Reporting for those compensation tree planting areas outside the Project's boundary can be referred to the Monthly Report for the Contract HY/2021/13.

#### 1 INTRODUCTION

#### 1.1 PROJECT BACKGROUND

- 1.1.1 According to the findings of the Northwest New Territories (NWNT) Traffic and Infrastructure Review conducted by the Transport Department, Tuen Mun Road, Ting Kau Bridge, Lantau Link and North Lantau Highway would be operating beyond capacity after 2016. This forecast has been based on the estimated increase in cross boundary traffic, developments in the Northwest New Territories (NWNT), and possible developments in North Lantau, including the Airport developments, the Lantau Logistics Park (LLP) and the Hong Kong Zhuhai Macao Bridge (HZMB). In order to cope with the anticipated traffic demand, two new road sections between NWNT and North Lantau Tuen Mun Chek Lap Kok Link (TM-CLKL) and Tuen Mun Western Bypass (TMWB) are proposed.
- 1.1.2 Hong Kong Landscaping Co., Ltd. (hereafter "HKL") is commissioned by the Highways Department (HyD) as the Main Contractor of the Contract No. HMWSD 2/2020 (HY) Establishment of Landscape Softworks for the Tuen Mun Chek Lap Kok Link ((hereafter "the Contract") and this Contract is part of the Tuen Mun Chek Lap Kok Link (TM-CLK Link Project).TM-CLK Link Project is a Designated Project under Environmental Permit number EP-354/2009/D issued on 13 March 2015. The layout Plan of the Project and the Contract are showed in *Appendix A and B* respectively.
- 1.1.3 The construction works of the Contract mainly include:
  - a. Maintenance the approx. 33ha planting area of the Project during the establishment period.
- 1.1.4 The TM-CLKL had been commissioning at the end of 2020 and the major construction works under the Project had been completed at the end of March 2021. According to the Project EM&A Manual requirement, operational phase EM&A works will be undertaken for a period of two years after the commission of the project.
- 1.1.5 This is 22<sup>nd</sup> monthly EM&A report under the Contract HMWSD 2/2020 (HY) presenting the monitoring results and inspection findings for period from 1 to 31 January 2023.

#### 1.2 REPORT STRUCTURE

- 1.2.1 The Monthly Environmental Monitoring and Audit (EM&A) Report is structured into the following sections:-
  - Section 1 Introduction
  - **Section 2** Summary of Monitoring Requirements under the Contract
  - **Section 3** Landscape and Visual
  - Section 4 Environmental Complaints and Non-Compliance
  - **Section 5** Conclusions and Recommendations

#### 1.3 CONTRACT ORGANIZATION

1.3.1 The Contract organization and contact details of key personnel are shown in *Appendix C*.

### 2 SUMMARY OF MONITORING REQUIREMENTS UNDER THE CONTRACT

### 2.1 GENERAL

- 2.1.1 In accordance with the Project EM&A Manual requirements, the environmental aspects under the Project shall be included air quality, ecological, cultural heritage, landscape and visual, landfill gas and site inspection.
- 2.1.2 A summary of EM&A requirements under the contract are presented in the sub-sections below. Should non-compliance of the environmental quality criteria occurs, remedial actions will be triggered according to the Event and Action Plan which presented in *Appendix D*.

#### 2.2 ENVIRONMENTAL ASPECTS

#### Air

- 2.2.1 According to the Contract nature is maintenance the planting area of the Project during the establishment period in the operational phase. No specific EM&A requirement for air quality related to the establishment of landscape softworks was identify.
- 2.2.2 The scopes of works under this Contract do not involve any of works listed under Section 4.4.1.1 of the approved EIA Report. Vehicles travel under this contract was carried out in paved area. Therefore, fugitive dust emission from the contract would be limited and no unacceptable air quality impact would be expected. No specific mitigation measure and monitoring would be required.

#### Noise

- 2.2.3 According to the Contract nature is maintenance the planting area of the Project during the establishment period in the operational phase. No unacceptable noise impact would be expected from the contract. No mitigation measure would be required under the approved EIA Report. No specific EM&A requirement for noise impact related to the establishment of landscape softworks was identify.
- 2.2.4 Most of the works under this contract would be conducted manually, with limited use of PME for delivery material on site and watering the planting area along the road side. Therefore, no unacceptable noise impact would be expected. No specific mitigation measure and monitoring would be required.

#### **Water Quality**

- 2.2.5 According to the Contract nature is maintenance the planting area of the Project during the establishment period in the operational phase. No specific EM&A requirement for water quality related to the establishment of landscape softworks was identify.
- 2.2.6 All planting area under this contract area are land-based, no major discharge would be expected from the establishment planting maintenance works. Therefore, no direct or indirect impact on marine water quality would be expected. No specific mitigation measure and monitoring would be required.

#### **Ecology**

- 2.2.7 According to the Contract nature is maintenance the planting area of the Project during the establishment period in the operational phase. No specific EM&A requirement for ecology related to the establishment of landscape softworks was identify.
- 2.2.8 No site clearance and associated habitat loss would be required under this contract. Moreover, all planting area under this contract area are land-based, no direct or indirect impact on the marine ecology would be expected. Therefore, no specific mitigation measure and monitoring would be required.

#### **Landscape** and Visual

Monitoring of the planting works during the 24-month Establishment period after completion of the construction works should be carried out. Establishment Works Inspection should be carried out once every 3 months to make sure the establishment planting works is complied with EMIS requirement. For the planting area under the Contract HY/2012/07, the first 6-month establishment period inspection and maintenance will be taken by the original Contract's ET and the main Contractor under the contract. For another Contract HY/2013/12 and HY/2017/10, the first 12-month establishment period inspection and maintenance will be taken by the original Contract's ET and the main Contractor under the contract. After the first 6 month or year establishment period, the maintenance and inspection works will be handover to the contract HMWSD 2/2020 (HY) except the planting area under the Contract HY/2012/07 Zone 2 and the planting area under the Contract HY/2017/10 Zone 6. The summary of Establishment inspection for the Project is shown in *Table 2-1*.

Table 2-1 Summary of Establishment inspection for the Project

Table 2-1 Summary of Establishment hispection for the Froject					
Contract Area	Establishment Monitoring Commenced	Inspection taken under the contract HMWSD 2/2020 (HY)	Next Quarter of Establishment Monitoring		
HY/2012/07 (Zone 1, 3 & 4)	June 2020	December 2020	Completed (Last quarter inspection was taken on 26 May 2022)		
HY/2012/07 (Zone 2)	June 2020	Responded by Contract HY/2021/13 from 10 February 2022	Completed (Last quarter inspection was taken on 25 April 2022)		
HY/2013/12	June 2020	June 2021	Completed (Last quarter inspection was taken on 31 May 2022)		
HY/2017/10 (Zone 1-5)	February 2021	27 May 2022	Completed (Last quarter inspection was taken on 13 January 2023)		
HY/2017/10 (Zone 6)	February 2021	Responded by Contract HY/2021/13 from 10 February 2022	Completed (Last quarter inspection was taken on 13 January 2023)		

### Cultural Heritage

- 2.2.10 According to the Contract nature is maintenance the planting area of the Project during the establishment period in the operational phase. No specific EM&A requirement for cultural heritage related to the establishment of landscape softworks was identify.
- 2.2.11 No major structural or civil work would be conducted under this contract. Moreover, all planting area are set back from the cultural heritage zone Grave G1 more than 10m. Therefore, no cultural heritage impact would be expected under this contract. No mitigation measure and monitoring would be required.

#### Landfill Gas

- 2.2.12 According to the Contract nature is maintenance the planting area of the Project during the establishment period in the operational phase. No specific EM&A requirement for landfill gas related to the establishment of landscape softworks was identify.
- 2.2.13 No major excavation work would be conducted under this contract. Only minor hand digging

works will be conducted while tree replacement works. Therefore, no landfill gas hazard would be expected under this contract. No mitigation measure and monitoring would be required.

#### Waste Management

- 2.2.14 According to the Contract nature is maintenance the planting area of the Project during the establishment period in the operational phase. No specific EM&A requirement for Waste Management related to the establishment of landscape softworks was identify.
- 2.2.15 All planting area under this contract area are land-based, no dredged sediment, excavated C&D material, C&D waste, chemical waste and sewage would be generated under this Contract. Only limited level of dead plant would be generated from works during maintenance of the planting area and would be easily controlled by standard waste management practice. No specific mitigation measure would be required.

#### **Inspection and Audit**

2.2.16 According to the Contract nature is maintenance the planting area of the Project during the establishment period in the operational phase. No construction works would be taken under this contract. Moreover, no potential environmental issue had been identified in the previous sections. No regular site inspections would be required.

#### 2.3 MONITORING SCHEDULE

2.3.1 The monitoring schedule for landscape &visual for the present reporting period is presented in *Appendix E*.

#### 3 LANDSCAPE AND VISUAL

#### 3.1 GENERAL

- 3.1.1 According to the Project EM&A Manual requirement, monitoring for the planting works at a frequency of 3 months interval during the 24-month establishment period is required to make sure the establishment planting works is complied with EMIS requirement, and during the 12-month establishment period, the maintenance operations must be supervised by fully qualified Landscape Resident Site Staff (Registered Landscape Architect or Professional Member of the Hong Kong Institute of Landscape Architects). Subsequent to the 12-month establishment period supervised by the qualified Landscape Resident Site Staff, the supervision from the 13<sup>th</sup> to the 24<sup>th</sup> month would be continued by other members of the Project. The updated EMIS for the Contract is shown in *Appendix G*.
- 3.1.2 According to the contract arrangement, the establishment planting area under the Contract HY/2012/07 Zone 1, 3 & 4, the Contract HY/2013/12 and the Contract HY/2017/10 Zone 1 to 5 were handover to this contract from December 2020, June 2021 and 27 May 2022. For the establishment planting area under the Contract HY/2012/07 Zone 2, it was handed over to the ET of Contact HY/2017/10 until 9 February 2022. Therefore, the establishment planting inspection and maintenance works for the establishment planting area under the Contract HY/2012/07 Zone 1, 3 & 4, the Contract HY/2013/12 and the Contract HY/2017/10 Zone 1 to 5 responded by this Contract was commenced from December 2020, June 2021 and 27 May 2022.
- 3.1.3 After 10 February 2022, the maintenance for the planting areas HY/2012/07 (zone 2) and HY/2017/10 (Zone 6) was handed over to another contract HY/2021/13.
- 3.1.4 All the establishment inspection method including checklist and zoning plan under this Contract was follow the methodology prepared by original Contract's ET which approved by EPD
- 3.1.5 In the Reporting Period, **One** establishment period inspection was conducted by this contract during this reporting period for the planting area Contract HY/2017/10 (Zone 1 to 5). Moreover, **one** establishment period inspection was conducted for the planting area HY/2017/10 (Zone 6) by other Contract's ET (HY/2021/13) during this reporting period. The details of Establishment inspection for the Project during the reporting period are shown in *Table 3-1* and the Establishment inspection checklist is shown in *Appendix F*.

Table 3-1 Details of Establishment Inspection for the Project during the Reporting Period

Planting Area	Respond Party	Quarter of Establishment Monitoring	Inspection Date	
HY/2012/07 (Zone 1, 3 & 4)	ET of the Contract HMWSD 2/2020 (HY)	Nil	NA	
HY/2012/07 (Zone 2)	ET of the Contract HY/2021/13	Nil	NA	
HY/2013/12	ET of the Contract HMWSD 2/2020 (HY)	Nil	NA	
HY/2017/10 (Zone 1 to 5)	ET of the Contract HMWSD 2/2020 (HY)	November 2022 to January 2023 (8 <sup>th</sup> Quarter)	13 January 2023	
HY/2017/10 (Zone 6)	ET of the Contract HY/2021/13	November 2022 to January 2023 (8 <sup>th</sup> Quarter)	13 January 2023	

- 3.1.6 The 24-month establishment period for the planting area under the Contract HY/2012/07 and the Contract HY/2013/12 were completed at the end of May 2022. Furthermore, the 24-month establishment period for the planting area under the Contract HY/2017/10 was completed at the end of January 2023. The last quarter of joint establishment inspection were summarized in Table 2-1.
- 3.1.7 Further to the TM-CLK Northern Connection opened to the public on 27 December 2020, road enhancement measures at the Lung Fu Road Roundabout were proposed by Transport Department (TD) and subsequently Leisure and Cultural Services Department (LCSD) reviewed the site condition at various locations and requested some landscape amendments for enhancement of safe work condition to be carried out during their routine maintenance of vegetation. Given that the quantity of tree planting remains unchanged and the landscape area in the vicinity would not be reduced, EPD reviewed the information and had no comment on the minor landscape modifications. The information on the landscape modifications at Lung Fu Road, Lung Mun Road and in the vicinity is shown in *Appendix I*.
- 3.1.8 The entire establishment monitoring for the planting area within the TMCLKL Project boundary was completed. The condition of the planted tree is satisfaction. Moreover, the species and quantity of tree planted in those areas are complied with the approved Landscape &Visual Plan / Planting Schedule.
- 3.1.9 Reporting for those compensation tree planting areas outside the Project's boundary can be referred to the Monthly Report for the Contract HY/2021/13.

#### 4 ENVIRONMENTAL COMPLAINT AND NON-COMPLIANCE

#### 4.1 ENVIRONMENTAL COMPLAINT, SUMMONS AND PROSECUTION

- 4.1.1 In the Reporting Period, no environmental complaint, summons and prosecution under the EM&A Programme was lodged.
- 4.1.2 The statistical summary table of environmental complaint, summons and prosecution are presented in *Tables 4-1, 4-2 and 4-3*.

**Table 4-1** Statistical Summary of Environmental Complaints

	Environmental Complaint Statistics					
Reporting Period	Frequency	Cumulative	Complaint Nature			
			Air	Noise	Water	Others
January 2023	0	0	NA	NA	NA	NA

 Table 4-2
 Statistical Summary of Environmental Summons

	Environmental Summons Statistics					
Reporting Period	Evenue	C1-4:	Complaint Nature			
	Frequency	Cumulative	Air	Noise	Water	
January 2023	0	0	NA	NA	NA	

**Table 4-3** Statistical Summary of Environmental Prosecution

	Environmental Prosecution Statistics					
Reporting Period	Evenue	Compulations	Complaint Nature			
	Frequency	Cumulative	Air	Noise	Water	
January 2023	0	0	NA	NA	NA	

4.1.3 In the Reporting Period, no warning letter related to environmental issue was received from the EPD or HyD.

#### 5 CONCLUSIONS AND RECOMMENDATIONS

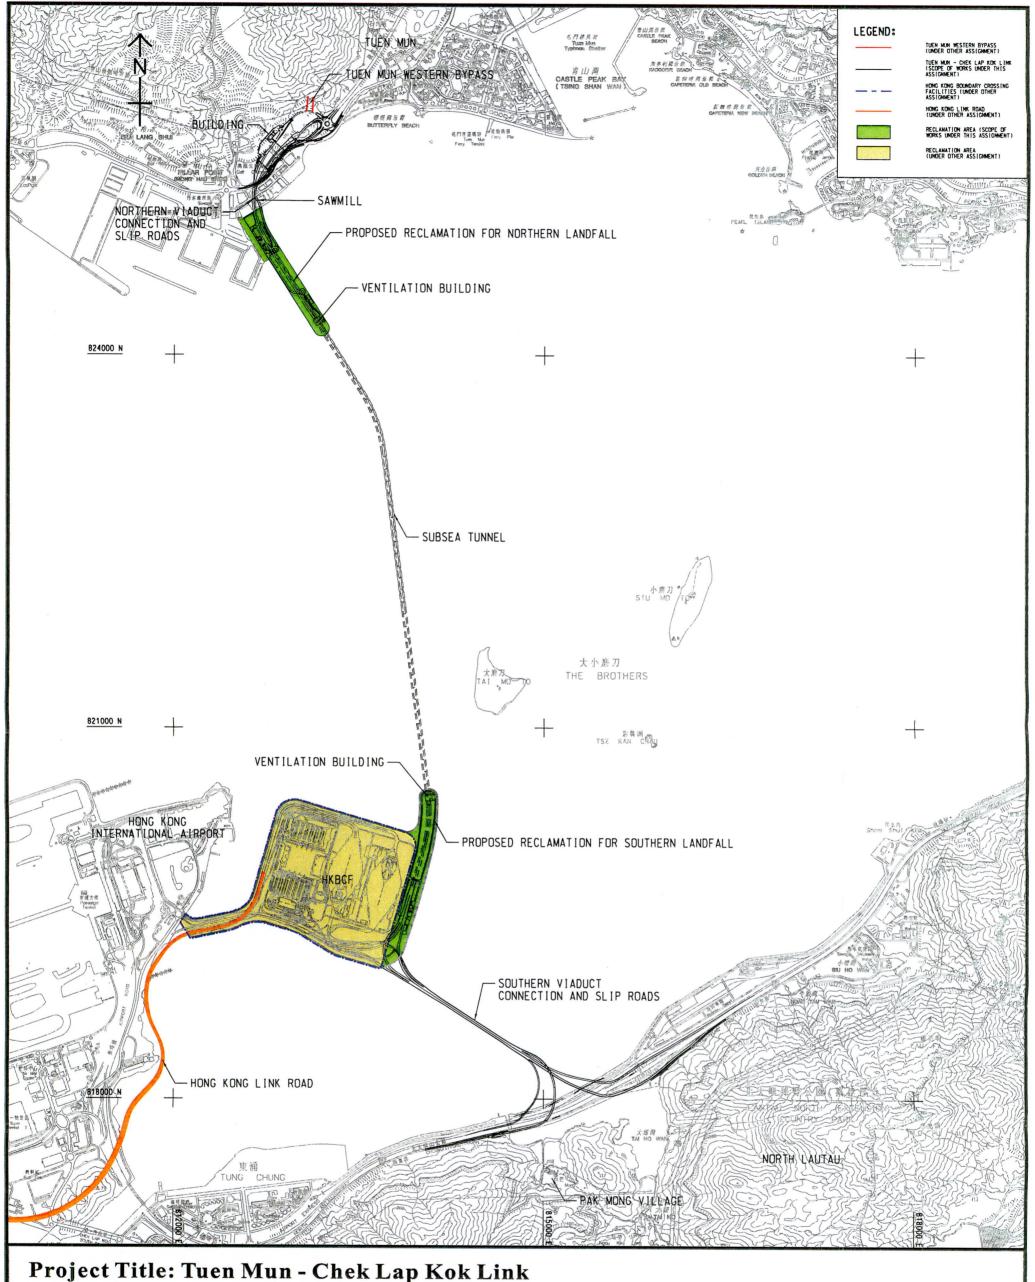

#### 5.1 CONCLUSIONS

- 5.1.1 This is 22<sup>nd</sup> monthly EM&A report presenting the monitoring results and inspection findings under the Contract HMWSD 2/2020 (HY) for the period of 1 to 31 January 2023.
- 5.1.2 There is no air quality, noise, water quality, ecology, cultural heritage and landfill gas monitoring was required for the contract.
- 5.1.3 The Establishment Period monitoring once per three months for planting works was commenced on 1 June 2020 for the planting area under the contract HY/2012/07 & HY/2013/12 and commenced on 1 February 2021 for the planting area under the contract HY/2017/10 according to the EM&A manual requirement. One establishment period inspection was conducted by this contract during this reporting period for the planting area Contract HY/2017/10 (Zone 1 to 5). Moreover, one establishment period inspection was conducted for the planting area HY/2017/10 (Zone 6) by other Contract's ET (HY/2021/13) during this reporting period.
- According to the contract arrangement, the establishment planting area under the Contract HY/2012/07 Zone 1, 3 & 4, the Contract HY/2013/12 and the Contract HY/2017/10 Zone 1 to 5 were handover to this contract from December 2020, June 2021 and 27 May 2022. For the establishment planting area under the Contract HY/2012/07 Zone 2, it was handed over to the ET of Contact HY/2017/10 until 9 February 2022. Therefore, the establishment planting inspection and maintenance works for the establishment planting area under the Contract HY/2012/07 Zone 1, 3 & 4, the Contract HY/2013/12 and the Contract HY/2017/10 Zone 1 to 5 responded by this Contract was commenced from December 2020, June 2021 and 27 May 2022.
- 5.1.5 After 10 February 2022, the maintenance for the planting areas HY/2012/07 (zone 2) and HY/2017/10 (Zone 6) was handed over to another contract HY/2021/13.
- 5.1.6 The 24-month establishment period for the planting area under the Contract HY/2012/07 and the Contract HY/2013/12 were completed at the end of May 2022. Furthermore, the 24-month establishment period for the planting area under the Contract HY/2017/10 was completed at the end of January 2023.
- 5.1.7 The entire establishment monitoring for the planting area within the TMCLKL Project boundary was completed. The condition of the planted tree is satisfaction. Moreover, the species and quantity of tree planted in those areas are complied with the approved Landscape &Visual Plan / Planting Schedule.
- 5.1.8 In the Reporting Period, no environmental complaint was received.
- 5.1.9 No notifications of summons, or successful prosecution were received during the Reporting Period.

### Summary of Compensatory Trees under Contract No. HY/2017/10

Compensatory	tree			Qua	ntity		
Botanical name	Chinese name	Zone 1	Zone 2	Zone 3	Zone 4	Zone 5	Zone 6
Areca catechu	檳榔	48					
Bauhinia variegata	宮粉羊蹄甲				36		
Bauhinia x blakeana	洋紫荊				10		
Callistemon viminalis	串錢柳						135
Elaecarpus apiculatus	尖葉杜英	6					
Elaecarpus hainanensis *	水石榕	18					
Garcinia subelliptica	福木	3					
Grevillea robusta <sup>#</sup>	銀樺				18		306
Hyophorbe lagenicaulis	酒瓶椰子	16					
Livistona chinensis	蒲葵	87			158		
Melaleuca quinquenervia	白千層				18		
Plumeria rubra	雞蛋花	159					1686
Pongamia pinnata	水黃皮	25			26		
Roystonea regia	王棕	44					
Sterculia lanceolata	假蘋婆				56		
Terminalia catappa	欖仁樹	2			36		
Viburnum odoratissimum	珊瑚樹				10		
Wodyetia bifurcata	狐尾椰子	10			67	4	
Xanthostemon chrysanthus	金蒲桃	13					
	Sub-total	431	0	0	435	4	2127
	Total			29	97	<u> </u>	

Remarks \* One in terms of quantity in Zone 1 will be re-planted as per latest planting plan if the tree is unavoidably removed from site.

<sup>\*</sup> One in terms of quantity in Zone 6 will be re-planted as per latest planting plan if the tree is unavoidably removed from site.

## **Appendix I**

Minor Landscape Modification at Lung Fu Road, Lung Mun Road and in the Vicinity

### Minor Landscape Modifications at Lung Fu Road, Lung Mun Road and in the Vicinity

### Background

Tuen Mun – Chek Lap Kok Link ("TM-CLKL") – Northern Connection was opened to the public on 27 December 2020. Further to the road enhancement measures at the Lung Fu Road Roundabout proposed by Transport Department (TD) and the consequent landscape amendments as reported in July 2021, Leisure and Cultural Services Department (LCSD) reviewed the site condition and requested some landscape amendments.

The planting and the establishment period were completed according to the LCSD's approved planting proposal. As LCSD reviewed the various roadside planting on site, LCSD requested some landscape amendments for the enhancement of safe work condition for their routine maintenance of vegetation. The landscape amendments proposed by LCSD at the Lung Fu Road Roundabout and the roadside planters in the vicinity would be slightly different from the approved Landscape and Visual Plan, however, the landscape amendments are considered minor.

### Minor landscape amendments compared to the approved Landscape and Visual Plan

- (i) The surrounding planters of the Lung Fu Road Roundabout would be modified, resulting in minor rearrangement of trees within the planters;
- (ii) The plant species for roadside planters are proposed to be changed to smaller size species to enhance the safe work condition. The quantity of tree planting remains unchanged; and
- (iii) The landscape area at the Lung Fu Road Roundabout and planters in the vicinity would not be reduced.

The Lung Fu Road Roundabout and planters in the vicinity in the approved Landscape and Visual Plan and the proposed arrangements are juxtaposed in the following pages.

### Establishment period for the trees at the Lung Fu Road Roundabout and Planters in the Vicinity

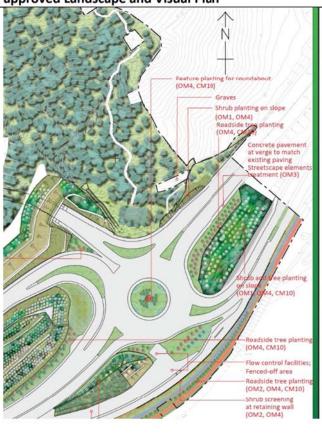

The trees planted at the Lung Fu Road Roundabout together with the other planting works implemented under Contract No. HY/2013/12 have undergone the 24-month establishment period monitoring as required in the Environmental Monitoring and Audit ("EM&A") Manual which the monitoring was ended on 31 May 2022.

The proposed road enhancement works at the Lung Fu Road Roundabout will commence after 31 May 2022. The landscape amendment works proposed by LCSD will be carried out during their routine maintenance of vegetation, after the fully completed monitoring of the planting works required under the EM&A Manual. Therefore, the associated planting works due to the road enhancement works at the Lung Fu Road Roundabout and due to LCSD's proposed landscape amendments would not be subject to the monitoring tasks under the EM&A Manual.

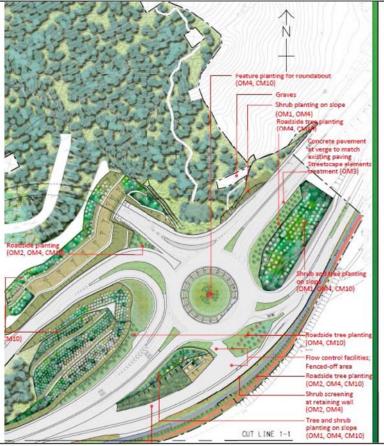

(i) The surrounding planters of the Lung Fu Road Roundabout would be modified, resulting in minor rearrangement of trees within the planters.

Lung Fu Road Roundabout arrangement in the approved Landscape and Visual Plan

Proposed road enhancement arrangement at the Lung Fu Road Roundabout

Extracted from the approved Landscape and Visual Plan, Drawing no. C3/LM/030.

The proposed road enhancement arrangement at the Lung Fu Road Roundabout would result in a slightly different outlook and tree arrangement at the planters in the vicinity.

(ii) The plant species for roadside planters are proposed to be changed to smaller size species to enhance the safe work condition. The quantity of tree planting remains unchanged.

### Lung Fu Road roundabout arrangement in the approved Landscape and Visual Plan

### Proposed road enhancement arrangement at the Lung Fu Road Roundabout

Delonix regia 關風木 Phoenix roebelenii 日本慈

Extracted from the approved Landscape and Visual Plan, Drawing no. Figure 4.2.

The species of tree planting within the surrounding roadside planters are proposed to be changed to smaller species. The quantity of tree planting remains unchanged.

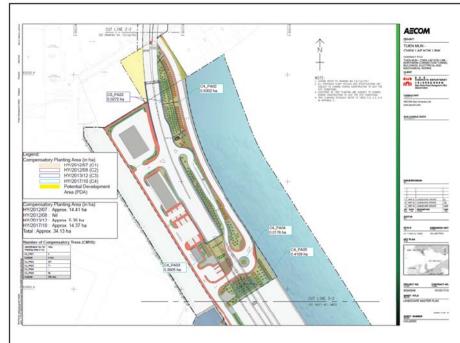

Planter Area C3\_PA01 (roadside of Lung Fu Road): 21 nos. Tabebuia impetiginosa 風鈴木 proposed to be changed to Phoenix roebelenii 日本葵.

Planter Area C3\_PA06 (roadside of Lung Mun Road): 3 nos. Tabebuia impetiginosa 風鈴木 and 3 nos. Livistona chinensis 蒲葵 proposed to be transferred to the adjacent planter within the same Planter Area C3 PA06.

Planter Area C3 PA09 (roadside of Tuen Mun Chek Lap Kok Tunnel Road): 3 nos. Tabebuia impetiginosa 風鈴木 and 3 nos. Sterculia lanceolata 假蘋婆 proposed to be changed to Phoenix roebelenii 日本葵.

Planter Area C3\_PA10 (roadside of Tuen Mun Chek Lap Kok Tunnel Road): 12 nos. 風鈴木 and 11 nos. Livistona chinensis 蒲葵 proposed to be changed to Phoenix roebelenii 日本葵.

Planter Area C3\_PA12 (median of Lung Mun Road): 8 nos. Melaleuca cajuputis subsp. cumingiana 白千層 and 4 nos. Garcinia subelliptica 福木 proposed to be changed to Phoenix roebelenii 日本葵.

Planter Area C3\_PA21 (median of Lung Mun Road): 11 nos. *Melaleuca cajuputis subsp. cumingiana* 白千層 and 12 nos. *Garcinia subelliptica* 福木 proposed to be changed to *Phoenix roebelenii* 日本葵.

Planter Area C3\_PA22 (raised planter against abutment wall): Proposed to retain shrub planting Lantana montevidensis 小葉馬纓丹 and to remove shrub planting Chrysalidocarpus lutescens 散尾葵.

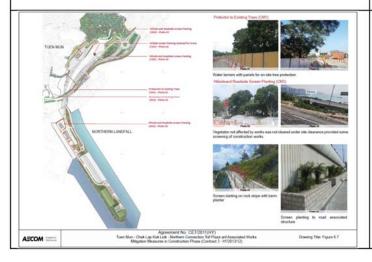

The total quantity of trees remains unchanged.

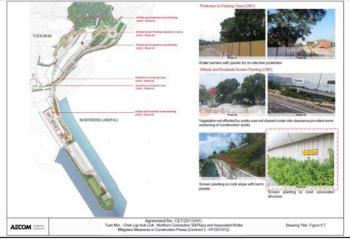

Extracted from the approved Landscape and Visual Plan, Drawing no. Figure 4.2.

The species of tree planting within the surrounding planters are proposed to be changed to smaller size species. The quantity of tree planting remains unchanged.

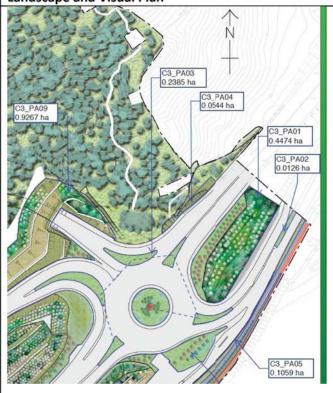

Extracted from the approved Landscape and Visual Plan, Drawing no. Figure 8.7.

Planter Area C3\_PA22 (raised planter against abutment wall in Photo 06): Proposed to retain shrub planting Lantana montevidensis 小葉馬纓丹 and to remove shrub planting Chrysalidocarpus lutescens 散尾葵.

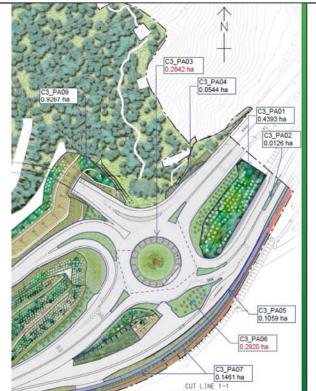

(iii) The landscape area at the Lung Fu Road Roundabout and planters in the vicinity would not be reduced.

# Lung Fu Road roundabout arrangement in the approved Landscape and Visual Plan

Extracted from the approved Landscape and Visual Plan, Drawing no. C3/LM/001.

# Proposed road enhancement arrangement at the Lung Fu Road Roundabout

The landscape area at the Lung Fu Road Roundabout due to the proposed roadway arrangement would not be reduced.

### Notes:

- 1. \* The tree felling quantity stated in the EIA report and in the Tree Removal Applications varied. The quantity in the EIA report was estimated in an early design stage of the Project and with the development of the Project design, either civil, site formation or slope designs, the trees required to be felled for the construction of works became more accurate. In addition, the trees in Year 2009 were likely to have grown to sizes that require the process of tree removal application which also contributed to the variation in the tree felling quantity.
- 2. \*\* The tree compensation quantity stated in the EIA report and in the Tree Removal Applications varied. Mitigation Measure 'CM10' in Table 10.9 of the EIA report: "Compensatory tree planting shall be provided to the satisfaction of relevant Government departments. Required numbers and locations of compensatory trees shall be determined and agreed separately with Government during the Tree Felling Application process...". The required number for Tree Compensation as listed particles are used to the applications as agreed with the relevant Government departments through the applications "Tree Preservation and Removal Proposals". The locations and tree species were subsequently agreed with the relevant Government departments through the submissions on detailed planting design proposals. The quantity in the EIA report was estimated in an early design stage of the Project and with the development of the Project design, either civil, site formation or slope designs, the tree compensation quantity and quality as appropriate for the different environmental conditions of the site and the Design Considerations as listed in Section 2 were agreed with the relevant Government departments.
- 3. \*\*\* Through the detailed planting design proposals, the quantity of tree planting exceeds the required tree compensation quantity in the Tree Removal Applications.
- 4. \*\*\*\* The possible change of condition of the trees to be transplanted and the development of the Project design contributed to the variation in the transplant tree quantity in the EIA and in the Landscape and Visual Plan. Missing transplant trees, 47 nos., were recorded from the initial tree surveys before works commenced. In Contract No. HY/2012/07, 18 nos. transplant trees could be retained on site instead of transplanting.
- 5. \*\*\*\*\* The quantity of trees to be retained in the EIA report and in the Tree Removal Applications varied. The quantity in the EIA report was estimated in an early design stage of the Project and with the development of the Project design, either civil, site formation or slope designs, and the possible change of condition of the trees, the retained tree quantity became more accurate in the Tree Removal Applications.
- 6. To satisfy the tree compensation requirement, the higher quantity from the approved EIA report was used, i.e. 6,300 nos. instead of 5108 nos. from the tree removal applications. In order to meet 6,300 nos., compensatory tree planting cutside the project boundary is necessary. Information on tree planting outside the project boundary is described in **Section 3.3** and in **Appendix E.3**.

Summary of Tree Compensation - Approved EIA Report and Landscape and Visual Plan Comparison (Table E.1i)

Description	Approved EIA Report (nos.)	Landscape and Visual Plan (nos.)					
Nos. of	6,300 approx. (Tree Size: Light Standard,	Within Project Boundary	Outside Project Boundary				
Compensatory Tree Planting	Heavy Standard)	5,353	1,040				
Total	6,300	6,393 (Tree Size: Light Standard - Heavy Standard)					

Summary of Tree Transplant - Approved EIA Report and Landscape and Visual Plan Comparison (Table E.1ii)

Description	Approved EIA Report (nos.)		nd Visual Plan os.)	Remarks
		Within Project Boundary	Outside Project Boundary	47 nos. transplant trees surveyed as missing on site;
Nos. of Tree Transplant	100	35	0	18 nos. transplant trees retained on site in Contract No. HY/2012/07; 35 nos. actual transplant trees.

#### NOTE

- 1. All proposed plant species and specifications are subject to change to suit the site conditions.
- 2. Locations of tree planting area subject to change to suit the site conditions.
- 3. The standards of trees follow General Specification for Civil Engineering Works Clause 3.11-3.16; the sizes are also subject to the special feature according to species.
- 4. The palms are accounted as heavy or light standard trees according to species and sizes for tree compensation accounting purpose.
- 5. Refer to drawing nos. C3/LM/001, C3/LM/002 in Appendix D for the locations of planting area in Contract 3.
