

註：

**Note:**

須先沿洪水橋排水道右岸進行疏浚／挖泥工程，並於四周設置沙包或類似物料，以避免沉積物擴散至水裡。

Desilting/dredging works shall first be carried out along the right hand side of the Hung Shui Kiu Channel, with sandbags or similar materials to be provided around it to avoid dispersion of sediments into the water.

分期進行疏浚工程 -  
Phasing of Desilting/Dredging Works -
