Dear Mr. Yeung,

Thank you for your letter dated 30 November regarding the land contamination assessment.

We have been operating in the south apron area of the old Kai Tak airport for about 5 years up to June 1998. The questionnaire is completed based on our operation and is returned for your assessment.

The old hangar has been returned to the hands of Government Property Agency. Should you wish to arrange a site visit, you may contact our Miss Polly Wong at 2305 8205 for assistance.

Yours truly,

(Benny C C Lee)
Manager (Engineering)
