

**Proposed Construction Phase Landscape Mitigation Measures**

ID No.	Landscape and Visual Mitigation Measures
CM1	Topsoil, where identified, should be stripped and stored for re-use in the construction of the soft landscape works, where practical.
CM2	Existing trees to be retained on site should be carefully protected during construction.
CM3	Trees unavoidably affected by the works should be transplanted where practical.
CM4	Compensatory tree planting should be provided to compensate for felled trees.
CM5	Control of night-time lighting.
CM6	Erection of decorative screen hoarding compatible with the surrounding setting.

**Proposed Operation Phase Landscape Mitigation Measures**

ID No.	Landscape and Visual Mitigation Measures
OM1	Aesthetic design of road-related structures, including noise barriers.
OM2	Shrub planting to soften and screen proposed roads and associated structures.
OM3	Tree and Shrub Planting in the central strip
OM5	Area reinstated to match former condition.
