

Location of proposed viaduct alignment leading to Aberdeen Channel Bridge

**Existing Condition**

Vantage Point G - View west at an elevated level of the industrial building at Heung Yip Street looking towards the proposed viaduct leading to Aberdeen Channel Bridge

Viaduct with partially enclosed noise barrier designed and colourful curvy panel to disguise the engineered form of the viaduct

Nullahside will be reinstated. New tree planting formed major landscape and mitigation measures.

Reinstatement of sloping area with woodland tree planting

**Day 1 of Operation Phase with landscape mitigation measures**

Proposed Viaduct

**Day 1 of Operation Phase without landscape mitigation measures**

**Year 10 of Operation Phase with landscape mitigation measures fully established**

**Key Plan**

(Represents VSRs including workers in Wong Chuk Hang Industrial Building (VSRO3) and Residents of community facilities to the east of Ap Lei Chau Bridge (VSRR6) having views looking towards proposed viaduct leading to proposed Aberdeen Channel Bridge)

**Note:**

1. Indicative design of built structure and landscape proposals provided by Detailed Design Consultants.
2. The final details will be subject to detailed design development.
3. The extent of noise barrier / enclosure is indicative only.
