

Viaduct with partially enclosed noise barrier designed with colourful panel to disguise the engineered form of the viaduct

Nullah side will be reinstated with new woodland tree planting to integrate with the vegetated landscape background.

Day 1 of Operation Phase with landscape mitigation measures

Indicative Property Development above station (For illustrative purpose only, subject to change / agreement and not for approval under EIAO)

Year 10 of Operation Phase with landscape mitigation measures fully established

Key Plan

(Represents VSRs including workers in Wong Chuk Hang Industrial Building (VSRO3) and Residents of community facilities to the east of Ap Lei Chau Bridge (VSR6) having views looking towards proposed viaduct leading to proposed Aberdeen Channel Bridge)

**Note:**

1. Indicative design of built structure and landscape proposals provided by Detailed Design Consultants.
2. The final details will be subject to detailed design development.
3. The extent of noise barrier / enclosure is indicative only.
