Helicopter Noise Impact

I refer to your letter of the above captioned and please see below are the figures you have enquired.

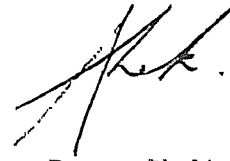

Site: Lo Wu Range

	Fire Fighting	Operation, training and emergency	Total
2008	11	32	43
2009	1	51	52
2010	-	36	36

We use both AS332L2 and EC 155 B1 for trainings and most of them are not longer than one and a half hours. The duration of each hovering, landing, idling and take off varies and it depends on the nature of the training.

Please feel free to contact the undersigned if you have any question.

Yours sincerely
