Attention: Director of Environmental Protection

20 January 2011

Dear Sirs

Agreement No. CE 61/2007 (CE)
North East New Territories New Development Areas
Planning and Engineering Study – Investigation

Request for Information of Chemical Waste Producer, Chemical Spillage Accident
and Illegal Discharge Record

We are undertaking the captioned consultancy study of North East New Territories New Development Areas (NENT NDAs) commissioned by the PlanD and CEDD of the Hong Kong Government. One of the main objectives of the Study is to undertake an EIA in accordance with the EIA Study Brief (No. ESB-176/2008).

As part of the EIA study, we are required to review the historic and present land use within the three planned NENT NDAs which include Kwu Tung North (KTN), Fanling North (FLN) and Ping Che / Ta Kwu Ling (PC/TKL) and along the planned new connection road "Fanling Bypass". Over 500 sites with different industrial and commercial activities were identified in these areas as shown in attached Figures. The information of each of these sites such as site number, site location, current land use, site area in m², and land lot number are summarized in the attached Tables. We would like to request for the following information for our land contamination assessment:

- The records of Chemical Waste Producers Registration of these sites or other areas within the NDAs;
- Past and present chemical spillage / leakage records of these sites or other areas within the NDAs ; and
- Past and present illegal wastewater discharge records of these sites or other areas within the NDAs.

In view of the tight programme of the Study, your prompt response to provide the requested information available to us via either fax (Fax No.2268-3953), email (thomas.chan@arup.com) or mail on or before 16 February 2011 will be highly appreciated.

Should you have any query on the above, please feel free to contact the undersigned or our Mr. Thomas Chan at Tel. no. 2268 3093.

Yours faithfully

Davis Lee

Dear Mr. LEE,

Re. Request for Information of Chemical Waste Producer, Chemical Spillage Accident
and Illegal Discharge Record

We refer to your letter dated 20 January 2011 requesting the captioned information. Records of chemical waste producer registration and illegal wastewater discharge, currently available in this office, are summarised in the enclosed tables. Please note there was no chemical spillage/leakage within NDAs, according to our records.

If you have any queries, please contact the undersigned.

Yours sincerely,

(Ivan W. K. SHEK)

for Director of Environmental Protection
