18 October 2016

Dear Mr. Yau,

Request of Information on Chemical Waste Producer and Incident Record

We refer to our previous letter dated 10 March 2016 (Ref.:248118/L002/ST/FC/EL/VN/kw) regarding the captioned subject. Thank you for your reply (Ref.: EP749/I1/1) on 18 April 2016. According to the latest project development, the works area of the Project would include an eastern connection access on Sham Shui Kok Drive and a western access via Tai Ho Interchange. Also, utilities connecting the site and the Siu Ho Wan Sewage Treatment Works is proposed. These accesses / utilities works area (i.e. eastern connection access on Sham Shui Kok Drive, western access via Tai Ho Interchange and utilities) are indicated in the enclosed figure. It would be appreciated if you could further provide us the following information for our assessment:

- The records of Chemical Waste Producers Registration of the accesses / utilities works area; and
- Past and present chemical spillage / leakage records of the accesses / utilities works area.

Your response by fax (fax no. 2268 3950) on or before 28 October 2016 would be much appreciated. Should you have any query, please feel free to contact our Miss Klaine Wong at 2908 4901.

Yours sincerely
