

This architectural rendering depicts the interior of the new Heathrow Terminal 5. The space is characterized by its vast, open-plan design with a high, curved ceiling featuring a complex, ribbed structure. Large glass walls on the left side offer a view of the exterior greenery. The floor is highly reflective, mirroring the people and the architectural details. In the background, a 'LOUIS VUITTON' store is visible, and a blue sign with the number '42' is prominent. The overall atmosphere is one of modernity and spaciousness.
