- End of Proforma -

* Delete as appropriate.

Please refer to the notes at Annex for completing this proforma. Please inform the Environmental Protection Department for updating the Directory of Environmental Consultants as soon as possible if there is any change of information contained in this proforma.

Notes to EPD's Consultant's Profile Proforma

1. The information collected by this proforma will be used for the purpose of updating the EPD's Directory of Environmental Consultants (the Directory) which will be used as a source of information for longlisting or shortlisting of consultants for EPD's projects. The Directory will also be used for other purposes, such as policy consultation or distributing EPD's information etc., as deemed appropriate by EPD. For those consultants who have given written consent to EPD under Item 10, the contact information will also be posted on EPD's Internet Homepage or released to any Government department/ organization/ company/general public upon request. It should be noted, however, that the inclusion of any consultants into the Directory does not in any way imply recommendation or approval by the HKSAR Government and the non-inclusion of any consultants should not be construed as disapproval by the HKSAR Government.
2. Please inform the Environmental Protection Department for updating the Directory as soon as possible if there is any change of information.
3. For consultancies under the purview of the Engineering and Associated Consultants Selection Board (EACSB), documents for inviting expressions of interest with a total file size not exceeding 4MB will be sent to the e-mail addresses of the invited consultants through Internet. For details, please refer to the Works Bureau Technical Circular No. 17/2001 at <http://www.devb.gov.hk/filemanager/technicalcirculares/en/upload/155/1/wb1701.pdf>.
4. Subject to paragraphs 9 to 14 of the Works Bureau Technical Circular No. 13/2001 (accessible through <http://www.devb.gov.hk/filemanager/technicalcirculares/en/upload/158/1/wb1301.pdf>), the consultants for consultancy agreements approved by the EACSB are required to have obtained ISO 9000 certification.
5. ISO14001 certification is currently not a mandatory requirement for securing projects with EPD.
6. The information on staff resources requested in Item 8 of this proforma is in line with the EACSB's Consultant's Profile Proforma in Appendix 2.1 of the EACSB Handbook (accessible through <https://www.cedd.gov.hk/eng/publications/eacsb-handbook/index.html>) except that the categories of services available are specific to environmental work. For completing the table, please note the followings:
 - (a) A professional staff member is defined as a person who is a corporate member/possesses the qualification and experience required for acquiring the corporate membership of an institution relevant to his/her particular field of expertise.
 - (b) The same staff may be shown against more than one Service. Where this is the case please indicate both the number of staff qualified for the particular Service and (in brackets) the number who have also been included against other Services.

e.g. Environmental Impact Assessment 10(8) means 10 professional staff are suitably qualified to undertake Environmental Impact Assessment and 8 of these are also qualified to undertake other services.

* Delete as appropriate.

Please refer to the notes at Annex for completing this proforma. Please inform the Environmental Protection Department for updating the Directory of Environmental Consultants as soon as possible if there is any change of information contained in this proforma.

(c) A technical staff member is defined as a person who has a degree, a diploma or similar qualifications relevant to his/ her particular field of expertise.

7. Development Bureau Technical Circular (Works) No. 5/2018 “New Policy for the Selection, Appointment and Management of Consultants under the Purview of the EACSB” promulgates the Guidelines for the implementation of the new policy on Selection, Appointment and Management of Consultant under the purview of Engineering and Associated Consultants Selection Board, which superseded DEVB Technical Circular (Works) No. 3/2013 “Procedures in the Selection of Consultants for Small Consultancy Agreements” on 3 Dec 2018. For details, please refer to DEVB Technical Circular (Works) No. 5/2018 at <https://www.devb.gov.hk/filemanager/technicalcirculars/en/upload/360/2/C-2018-05-0-1.pdf>.
8. With effect from 19 June 1997, the Air Pollution Control Ordinance requires that only asbestos professionals registered under the Ordinance can carry out works involving asbestos. The duty of the registered asbestos professional is to ensure that asbestos work is carried out conforming to the requirements and procedures described in the code of practice published under the law. For details regarding the registration as asbestos professionals under the Ordinance, please contact:

Asbestos Management & Control Section
Environmental Protection Department
24/F, Southorn Centre
