

Project Title:
Expansion of Aberdeen Typhoon Shelter

Environmental Impact Assessment Ordinance (Cap 499)

**Application for Variation of an Environmental Permit
(Application No. VEP-659/2026)**

Record of Consideration

Prepared by:	Andy KO E(TS)53	Signature 	Date 2 July 2026
Checked by:	Anthony HO S(TS)5		2 July 2026

Application No.	Key Proposed Variation(s)	Reasons for Variation(s)	With reference to section 6.2 of the EIAO-TM, there is no material change to the environmental impact of the project with the mitigation measures in place	The project complies with the requirements described in the EIAO-TM	The Director agreed to amend the environmental permit without calling for an EIA report under s13(5) of the EIAO in consultation with relevant Authorities (Please check the box below)
VEP-659/2026	- Figure 1 of the EP. - Vary the length of the wave wall in the form of floating breakwater in Part B (Description of Designated Project) – Scale and Scope of Designated Project (Item (ii)).	- To reflect the refined project boundary that cover proposed landing platform of the proposed land access connecting the Tai Shue Wan waterfront after liaison with the land lot owner. - To reflect the refined configurations with optimised deigns of the proposed eastern and western breakwaters and the proposed wave wall in the form of floating breakwater.	- Yes. An Environmental Review (ER) has been conducted to assess the environmental impacts arising from the proposed variations. - The ER has demonstrated that the environmental requirements set out in the EIA report for this project are not exceeded or violated with regard to the proposed variations with the implementation of the mitigation measures set out in the approved EIA report. Hence, there is no material change to the environmental impact of the project.
