Director of Environmental Protection
Environmental Protection Department
28th Floor, Southorn Centre
130 Hennessy Road
Wan Chai, Hong Kong

Attention : Ms. Mable Chan

Dear Madam,

Ocean Park Master Redevelopment Project
Waste Management Plan – Export of Excavated Rock Materials

Further to our letter ref. PD/PW/GOV/151/001794 dated 4 October 2007 and the submission of the Environmental Monitoring and Audit Report for September 2007, we would like to inform you of a **change in receptor site for the excavated material.**

Our site formation contractor, DBJV, has made alternative arrangement to export the excavated materials from the Ocean Park Redevelopment project to Hung Wan Quarry in Zhuhai. Similar to the previous arrangement, the excavated materials will be exported as usable materials / goods in compliance with the Import and Export Ordinance by barges to the quarry site. This new arrangement will commence on 13 November 2007.

As we have done previously, the above arrangement will be documented in the Monthly Environmental Monitoring and Audit Report for November 2007.

Yours faithfully
For and on behalf of Ocean Park Corporation

Helen Leung
Project Manager (Infrastructure)
