Dear Madam,

**Ocean Park Master Redevelopment Project
Repositioning and Long Term Operation Plan of Ocean Park
Environmental Permit No.: EP-249/2006/A
Permit Condition 2.21: Submission of Waste Management Plan**

Further to our letter ref. PD/PW/GOV/151/001794 dated 4 October 2007, we would like to provide an update to the Waste Management Plan in relation to the disposal arrangements for the excavated materials.

We have been advised by the contractor for Contract CI05 – Site Formation, Funicular Tunnel & Miscellaneous Works that the excavated rock material will be exported as usable construction materials to the Shenzhen Airport Extension site. The rock material is being exported as goods in compliance with the Import and Export Ordinance, and this operation commenced on 28 September 2007.

Details of this arrangement will be documented in the Monthly Environmental Monitoring and Audit Report for September 2007.

Yours faithfully
For and on behalf of
Ocean Park Corporation

Helen Leung
Project Manager (Infrastructure)
