Civil Engineering and Development Department

Environmental Impact Assessment (EIA) Ordinance, Cap. 499
Application for Permission to Apply Directly for Environmental Permit

Project Title: Queen's Hill Sewage Pumping Station
(Application No.: DIR-242/2015)

I refer to your above application received on 12 October 2015 for approval to apply directly for an environmental permit under Section 5(1)(b) of the EIA Ordinance.

With the consent of the Secretary for the Environment under Section 5(11) of the EIA Ordinance, I now permit you to apply directly for an environmental permit subject to the attached conditions.

Under Section 15 of the EIA Ordinance, the decision on the application will be placed on the EIA Ordinance Register. It will also be placed on the EIA Ordinance website (<http://www.epd.gov.hk/eia/>).

Please note that if you are aggrieved by any of the conditions imposed in this permission, you may appeal under Section 17 of the EIA Ordinance within 30 days of receipt of this permission.

Should you have any queries on the above application, please contact my colleague Mr. Steve LI at 2835 1142.

Yours sincerely,

(Terence TSANG)

Acting Principal Environmental Protection Officer
for Director of Environmental Protection

Environmental Impact Assessment (EIA) Ordinance, Cap. 499
Application for Permission to Apply Directly for Environmental Permit

Project Title: Queen's Hill Sewage Pumping Station
(Application No.: DIR-242/2015)

Conditions Imposed under Section 5(12) of the EIA Ordinance
for Permission to Apply Directly for Environmental Permit

1. All mitigation measures described in the Project Profile (No. PP-529/2015) submitted with the Application (No. DIR-242/2015) by the Applicant on 12 October 2015 shall be fully implemented.
2. The Applicant shall deposit five hard copies and one electronic copy of landscape plan at least one month before the commencement of the landscape treatment works of the Project. The landscape plan shall include a tree preservation proposal and exploration of alternative mitigation measures, such as native broadleaf trees and / or mixed with palm trees instead of single palm trees planting, to minimize the possible visual impact of the Project. The landscape plan shall show the design details, confirmation of the feasibility for proposed planting, locations, implementation programme, maintenance and management schedules, and drawings in the scale of 1:1,000 or other appropriate scale as agreed with the Director, of the landscape and visual mitigation measures of the Project. All landscape and visual mitigation measures shall be properly implemented and maintained for the Project in accordance with the deposited landscape plan. The Permit Holder shall make available additional copies of landscape plan to the Director upon request.
