

Annex G

## Terrestrial Ecology - Plant Species List

Table 1 Open Young Secondary Woodland

Growth Form	Species	Relative Abundance <sup>(1)</sup>
Trees	<i>Acacia auriculifolia</i>	***
	<i>Acacia confusa</i>	****
	<i>Aporosa chinensis</i>	***
	<i>Bridelia tomentosa</i>	****
	<i>Casuarina equisetifolia</i>	***
	<i>Celtis sinensis</i>	****
	<i>Cratoxylum cochinchinense</i>	****
	<i>Dimocarpus longan</i>	***
	<i>Ficus hispida</i>	***
	<i>Ficus microcarpa</i>	**
	<i>Ficus variegata</i>	***
	<i>Ilex rotunda</i>	**
	<i>Leucanea leucocephala</i>	****
	<i>Litsea glutinosa</i>	***
	<i>Macaranga tanarius</i>	****
	<i>Mallotus paniculatus</i>	****
	<i>Microcos paniculata</i>	***
	<i>Rhus succedanea</i>	**
<i>Sapium discolor</i>	**	
<i>Schefflera octophylla</i>	****	
<i>Sterculia lanceolata</i>	***	
Shrubs	<i>Ficus variolosa</i>	**
	<i>Ilex asprella</i>	***
	<i>Melastoma sanguineum</i>	****
	<i>Phoenix hanceana</i>	***
	<i>Phyllanthus cochinchinensis</i>	****
	<i>Phyllanthus emblica</i>	***
	<i>Psychotria rubra</i>	****
<i>Rhodomyrtus tomentosa</i>	**	
Herbs	<i>Alchornea trevioides</i>	**
	<i>Alocasia macrorrhiza</i>	***
	<i>Bidens pilosa</i>	**
	<i>Dianella ensifolia</i>	*
	<i>Dicranopteris linearis</i>	**
	<i>Elephantopus tomentosa</i>	***
	<i>Helicteres angustifolia</i>	**
	<i>Innula cappa</i>	**
	<i>Liriope spicata</i>	*
Climbers	<i>Asparagus cochinchinensis</i>	****
	<i>Dalbergia balansae</i>	****
	<i>Desmos cochinchinensis</i>	****
	<i>Gnetum montana</i>	****
	<i>Gymnema sylvestre</i>	**
	<i>Lygodium japonica</i>	***
	<i>Millettia nitida</i>	***
	<i>Morinda umbellata</i>	**
	<i>Mussendanea pubescens</i>	**
	<i>Sageretia theezans</i>	***
	<i>Smilax glabra</i>	**

	<i>Strophanthus divariculatus</i>	****
Grasses	<i>Arundinella setosa</i>	**
	<i>Cymbopogon spp.</i>	**
	<i>Ischaemum spp.</i>	**
	<i>Miscanthus floridulus</i>	***
	<i>Neyraudia reynaudiana</i>	***

(1) The scale of the relative abundance is as follows:

- \*\*\*\*\* Very Abundant
- \*\*\*\* Abundant
- \*\*\* Common
- \*\* Uncommon
- \* Very Uncommon

Total number of Species : 55

**Table 2**      **Plantation Woodland**

Growth Form	Species	Relative Abundance <sup>(1)</sup>
Tree	<i>Aporosa chinensis</i>	**
	<i>Bischofia javanica</i>	*
	<i>Casuarina equisetifolia</i>	***
	<i>Celtis sinensis</i>	***
	<i>Cratogeomys cochinchinense</i>	***
	<i>Dimocarpus longan</i>	****
	<i>Ficus hispida</i>	**
	<i>Ficus microcarpa</i>	**
	<i>Ficus variegata</i>	**
	<i>Litchi sinensis</i>	****
	<i>Leucanea leucocephala</i>	****
	<i>Litsea glutinosa</i>	**
	<i>Macaranga tanarius</i>	****
	<i>Mallotus paniculatus</i>	*****
	<i>Microcos paniculata</i>	***
	<i>Psidium guajava</i>	***
	<i>Rhus succedanea</i>	**
	<i>Sapium discolor</i>	***
	<i>Sterculia lanceolata</i>	****
	<i>Szygium hancei</i>	**
Shrubs and Climbers	<i>Solanum torva</i>	*
	<i>Dalbergia balansae</i>	****
	<i>Desmos cochinchinensis</i>	***
	<i>Morinda umbellata</i>	***
	<i>Sageretia theezans</i>	**
Herbs	<i>Alocasia macrorrhiza</i>	*****
	<i>Polygonum chinensis</i>	****

(1) The scale of the relative abundance is as follows:

- \*\*\*\*\* Very Abundant
- \*\*\*\* Abundant
- \*\*\* Common
- \*\* Uncommon
- \* Very Uncommon

Total number of species : 27

Table 3 Scrubland-Grasland Mosaic

Growth Form	Species	Relative Abundance <sup>(1)</sup>
Trees	<i>Aporusa chinensis</i>	***
	<i>Aconychia pedunculatus</i>	**
	<i>Bredelia tomentosa</i>	***
	<i>Cratoxylum cochinchinense</i>	****
	<i>Litsea glutinosa</i>	**
	<i>Mallotus paniculatus</i>	***
	<i>Microcos paniculata</i>	**
	<i>Rhus succedanea</i>	***
	<i>Schefflera octophylla</i>	***
Shrubs	<i>Atalantia buxifolia</i>	****
	<i>Antirrhoea chinensis</i>	*
	<i>Backea fructicosa</i>	***
	<i>Callicarpa breviflora</i>	*
	<i>Diospyros vaccinioides</i>	**
	<i>Enkianthus quinqueflorus#</i>	*
	<i>Eunomymous chinensis</i>	*
	<i>Eurya japonica</i>	****
	<i>Ficus variolosa</i>	**
	<i>Ilex asprella</i>	***
	<i>Ilex pubescens</i>	***
	<i>Ilex rotunda</i>	**
	<i>Lantana camara</i>	***
	<i>Litsea rotundifolia</i>	****
	<i>Melastoma sanguineum</i>	***
	<i>Phoenix hanceana</i>	**
	<i>Phyllanthus cochinchinensis</i>	***
	<i>Phyllanthus emblica</i>	*
	<i>Psychotria rubra</i>	**
	<i>Rhaphiolepis indica</i>	****
	<i>Rhodomyrtus tomentosa</i>	*****
<i>Sageretia theezans</i>	***	
<i>Wikstromia indica</i>	***	
Climbers	<i>Alyxia sinensis</i>	**
	<i>Asparagus cochinchinensis</i>	****
	<i>Cassytha filiformis</i>	****
	<i>Dalbergia balansae</i>	***
	<i>Dalbergia millittia</i>	**
	<i>Desmos cochinchinensis</i>	*
	<i>Embelia laeta</i>	****
	<i>Gymnema sylvestre</i>	***
	<i>Lygodium japonica</i>	****
	<i>Milletia nitida</i>	***
	<i>Morinda umbellata</i>	****
	<i>Mussendanea pubescens</i>	**
	<i>Paederia scandens</i>	***
	<i>Pottsia grandiflora</i>	**
	<i>Smilax glabra</i>	****
	<i>Strophanthus divariculatus</i>	****
<i>Tylophora ovata</i>	***	

Herbs and Grasses

<i>Ageratum conyzoides</i>	*****
<i>Arundinella setosa</i>	****
<i>Arundina chinensis</i> #	*
<i>Aster baccroides</i>	***
<i>Cymbopogon spp.</i>	*****
<i>Dianella ensifolia</i>	***
<i>Dicranopteris linearis</i>	**
<i>Elephantopus tomentosus</i>	***
<i>Gahnia tristis</i>	*
<i>Hedyotis acuta</i>	**
<i>Helicteres angustifolia</i>	****
<i>Innula cappa</i>	***
<i>Ischaemum spp.</i>	*****
<i>Liriope spicata</i>	**
<i>Miscanthus floridulus</i>	****
<i>Pteroloma triquetrum</i>	***

---

(1) The scale of the relative abundance is as follows:

*****	Very Abundant
****	Abundant
***	Common
**	Uncommon
*	Very Uncommon

# Species protected under the Forestry (Amendment) Regulation 1993

Total number of species: 65

Table Grassland

Growth Form	Species	Relative Abundance <sup>(1)</sup>
Trees	<i>Ficus hispida</i>	**
	<i>Leucanea leucocephala</i>	***
	<i>Macaranga tanarius</i>	***
Shrubs	<i>Backea fructicosa</i>	**
	<i>Lantana camara</i>	***
	<i>Pandanus tectorius</i>	**
	<i>Phyllanthus cochinchinensis</i>	***
	<i>Rhaphiolepis indica</i>	***
	<i>Rhodomyrtus tomentosa</i>	**
Herbs	<i>Ageratum conyzoides</i>	**
	<i>Bidens pilosa</i>	**
	<i>Curculiogo orchioides</i>	*
	<i>Dianella ensifolia</i>	**
	<i>Dicranopteris linearis</i>	****
	<i>Elephantopus tomentosa</i>	**
	<i>Erigeron floribundus</i>	**
	<i>Hedyotis corymbosa</i>	**
	<i>Helicteres angustifolia</i>	***
	<i>Innula cappa</i>	****
	<i>Triumfetta bartramia</i>	**
Climbers	<i>Asparagus cochinchinensis</i>	****
	<i>Cassytha filiformis</i>	****
	<i>Embelia laeta</i>	**
	<i>Ipomoea carica</i>	***
	<i>Lygodium japonicum</i>	***
	<i>Mikania micrantha</i>	****
	<i>Morinda umbellata</i>	***
	<i>Paederia scandens</i>	***
	<i>Smilax glabra</i>	**
	<i>Strophanthus divariculatus</i>	**
Grasses	<i>Apocopis wrightii</i>	***
	<i>Arundinella setosa</i>	****
	<i>Chloris barbata</i>	**
	<i>Cymbopogon spp.</i>	****
	<i>Eleusine indica</i>	**
	<i>Ischaemum spp.</i>	****
	<i>Miscanthus floridulus</i>	***
	<i>Neyraudia reynaudiana</i>	***
	<i>Panicum maxima</i>	**
	<i>Paspalum spp.</i>	***
<i>Rhynchospora rubra</i>	****	

(1) The scale of the relative abundance is as follows:

- \*\*\*\*\* Very Abundant
- \*\*\*\* Abundant
- \*\*\* Common
- \*\* Uncommon
- \* Very Uncommon

Total number of Species : 41
