

Annex A

Plant Lists

Table A1

**Species List for Grassland (D: Dominant; F: Frequent; O: Occasional;
S: Scarce)**

Scientific Name	Abundance	Conservation Status
<i>Adinandra millettii</i>	D	Common
<i>Arundinella nepalensis</i>	D	Common
<i>Baeckea frutescens</i>	D	Common
<i>Cymbopogon goeringii</i>	D	Common
<i>Dicranopteris linearis</i>	D	Common
<i>Lepidosperma chinense</i>	D	Common
<i>Miscanthus sinensis</i>	D	Common
<i>Rhodymyrtus tomentosa</i>	D	Common
<i>Adenosma glutinosum</i>	F	Common
<i>Aster baccharoides</i>	F	Common
<i>Bothriochloa bladii</i> (<i>B. intermedia</i>)	F	Common
<i>Bothriochloa glabra</i>	F	Common, Not in HK Checklist
<i>Breynia fruticosa</i>	F	Common
<i>Cratoxylum cochinchinense</i>	F	Common
<i>Clerodendrum fortunatum</i>	F	Common
<i>Elephantopus tomentosus</i>	F	Common
<i>Embelia laeta</i>	F	Common
<i>Eurya chinensis</i>	F	Common
<i>Eurya nitida</i> (<i>E. japonica</i> in HK Checklist)	F	Common
<i>Haloragis chinensis</i>	F	Common
<i>Hedyotis acutangular</i>	F	Common
<i>Helicteres angustifolia</i>	F	Common
<i>Ilex asprella</i>	F	Common
<i>Inula cappa</i>	F	Common
<i>Lygodium japonicum</i>	F	Common
<i>Neyraudia reyaudiana</i>	F	Common
<i>Melastoma sanguineum</i>	F	Common
<i>Pteridium aquilinum</i>	F	Common
<i>Rhaphiolepis indica</i>	F	Common
<i>Rhus hypoleuca</i>	F	Common
<i>Rubus leucanthus</i>	F	Common
<i>Rubus reflexus</i>	F	Common
<i>Scleria ciliaris</i>	F	Common
<i>Strophanthus divaricatus</i>	F	Common
<i>Aporosa dioica</i>	O	Common
<i>Archidendron lucidium</i>	O	Common
<i>Blechnum orientalis</i>	O	Common
<i>Dalbergia hancei</i>	O	Common
<i>Eupatorium lindleyanum</i>	O	Common
<i>Ficus hirta</i>	O	Common
<i>Ficus variolosa</i>	O	Common
<i>Glochidion eriocarpum</i>	O	Common
<i>Glochidion wrightii</i>	O	Common
<i>Ilex pubescens</i>	O	Common
<i>Lygodium flexuosum</i>	O	Common
<i>Melastoma candidum</i>	O	Common
<i>Phyllanthus emblica</i>	O	Common
<i>Pueraria lobata</i>	O	Common
<i>Rhamnus crenata</i>	O	Common
<i>Symplocos cochinchinensis</i> (<i>S. laurina</i>)	O	Common
<i>Zanthoxylum avicennae</i>	O	Common

Table A2 *Species List for Shrubland and Tall Shrubland (D: Dominant; F: Frequent; O: Occasional; S: Scarce)*

a) Tree

Scientific Name	Abundance	Conservation Status
<i>Acronychia pedunculata</i>	F	Common
<i>Adinandra millettii</i>	F	Common
<i>Ailantus fordii</i>	S	Rare and protected
<i>Aporosa dioica</i>	F	Common
<i>Archidendron clypearia</i>	O	Common
<i>Archidendron lucidium</i>	O	Common
<i>Choerospondias axillaris</i>	O	Common, also widely planted in HK
<i>Cinnamomum parthenoxylon</i>	O	Common
<i>Cleistocalyx operculata</i>	O	Common
<i>Cratoxylum cochinchinense</i>	F	Common
<i>Diospyros morrisiana</i>	F	Common
<i>Elaeocarpus chinensis</i>	O	Common
<i>Itea chinensis</i>	F	Common
<i>Litsea cubeba</i>	O	Common
<i>Mallotus paniculatus</i>	F	Common
<i>Microcos paniculata</i>	O	Common
<i>Myrica rubra</i>	O	Common
<i>Persea chinensis (Machilus c.)</i>	F	Common
<i>Schefflera octophylla</i>	F	Common
<i>Schima superba</i>	O	Common
<i>Sterculia lanceolata</i>	F	Common
<i>Symplocos lancifolia</i>	O	Common
<i>Symplocos cochinchinensis (S. laurina)</i>	O	Common
<i>Symplocos glauca</i>	F	Common
<i>Xylosma longifolium</i>	S	Rare

b) Shrub, Climber & Herbs

Scientific Name	Abundance	Conservation Status
<i>Acer sino-oblongum</i>	S	Common
<i>Antirhea chinensis</i>	O	Common
<i>Aralia armata</i> (A. <i>chinensis</i> in HK checklist)	O	Common
<i>Ardisia quinquegona</i>	O	Common
<i>Arundinella nepalensis</i>	D	Common
<i>Baeckea frutescens</i>	D	Common
Bamboo of unknown species	D	
<i>Blechnum orientalis</i>	O	Common
<i>Cassytha filiformis</i>	O	Common
<i>Cymbopogon goeringii</i>	D	Common
<i>Dalbergia hancei</i>	O	Common
<i>Dalbergia millettii</i>	O	Common
<i>Daphniphyllum calycinum</i>	O	Common
<i>Dicranopteris linearis</i>	D	Common
<i>Embelia laeta</i>	F	Common
<i>Embelia ribes</i>	S	Common
<i>Eurya nitida</i> (E. <i>japonica</i> in HK Checklist)	O	Common
<i>Ficus hirta</i>	O	Common
<i>Ficus variolosa</i>	F	Common
<i>Glochidion wrightii</i>	O	Common
<i>Glochidion eriocarpum</i>	O	Common
<i>Gahnia tristis</i>	O	Common
<i>Hedyotis acutangular</i>	O	Common
<i>Helicteres angustifolia</i>	O	Common
<i>Hypolytrum nemorum</i>	O	Common
<i>Ilex asprella</i>	O	Common
<i>Ilex pubescens</i>	O	Common
<i>Ilex rotunda</i>	S	Common
<i>Imperata cylindrica</i>	O	Common
<i>Isachaemum barbartum</i>	D	Common
<i>Isachaemum indica</i>	F	Common
<i>Litsea rotundifolia</i> var. <i>longifolia</i>	F	Common
<i>Lygodium japonicum</i>	F	Common
<i>Lygodium flexuosum</i>	O	Common
<i>Melastoma candidum</i>	O	Common
<i>Melastoma sanguineum</i>	O	Common
<i>Millettia dielsiana</i>	O	Common
<i>Miscanthus sinensis</i>	D	Common
<i>Morinda umbellata</i>	O	Common
<i>Mussaenda pubescens</i>	O	Common
<i>Neyraudia reyaudiana</i>	F	Common
<i>Pandanus forceps</i>	O	Common
<i>Pandanus tectorius</i>	O	Common
<i>Phyllanthus emblica</i>	O	Common
<i>Psychotria rubra</i>	O	Common
<i>Pueraria lobata</i>	F	Common
<i>Rhapiolepis indica</i>	F	Common
<i>Rhodomyrtus tomentosa</i>	D	Common
<i>Rhus hypoleuca</i>	F	Common
<i>Rhus succedanea</i>	F	Common
<i>Rubus leucanthus</i>	F	Common

Scientific Name	Abundance	Conservation Status
-----------------	-----------	---------------------

<i>Sarcandra glabra</i>	O	Common
<i>Smilax china</i>	F	Common
<i>Smilax glabra</i>	O	Common
<i>Strophanthus divaricatus</i>	F	Common
<i>Tetracera asiatica</i>	D	Common
<i>Uvaria grandiflora</i>	S	Restricted to lowland forest
<i>Uvaria microcarpa</i>	O	Common
<i>Zanthoxylum avicennae</i>	O	Common
<i>Zanthoxylum nitidum</i>	O	Common

Table A3 *Species List for Secondary Forest (D: Dominant; F: Frequent; O: Occasional; S: Scarce)*

a) Tree

Scientific Name	Abundance	Conservation Status
<i>Acronychia pedunculata</i>	F	Common
<i>Adina pilulifera</i>	O	Common
<i>Adinandra millettii</i>	O	Common
<i>Alangium chinense</i>	O	Common
<i>Antirhea chinensis</i>	O	Common
<i>Aporosa dioica</i>	F	Common
<i>Aquilaria sinensis</i>	D	Common & Protected in China
<i>Castanopsis fissa</i>	O	Common
<i>Casuarina stricta</i>	O	Common
<i>Celtis tetrandra (C. sinensis)</i>	S	Common
<i>Choerospondias axillaris</i>	D	Common, also widely planted in HK
<i>Cinnamomum camphora</i>	D	Common, introduced and naturalised
<i>Cinnamomum parthenoxylon</i>	D	Common
<i>Cleistocalyx operculata</i>	O	Common
<i>Cratoxylum cochinchinense</i>	F	Common
<i>Ficus microcarpa</i>	O	Common
<i>Garcinia oblongifolia</i>	F	Common
<i>Itea chinensis</i>	F	Common
<i>Litsea cubeba</i>	O	Common
<i>Litsea glutinosa</i>	F	Common
<i>Mallotus paniculatus</i>	F	Common
<i>Microcos paniculata</i>	O	Common
<i>Persea breviflora (Machilus b.)</i>	D	Common
<i>Persea chinensis (Machilus c.)</i>	D	Common
<i>Persea velutina (Machilus v.)</i>	D	Common
<i>Phyllanthus emblica</i>	O	Common
<i>Sapium discolor</i>	O	Common
<i>Schefflera octophylla</i>	D	Common, Introduced
<i>Sterculia lanceolata</i>	F	Common
<i>Symplocos lancifolia</i>	F	Common
<i>Symplocos glauca</i>	F	Common
<i>Syzygium hancei</i>	O	Common
<i>Tristania conferta</i>	D	Common, Introduced

b) Shrub, Climber and Understorey

Scientific Name	Abundance	Conservation Status
<i>Ardisia quinquegona</i>	F	Common
<i>Blechnum orientalis</i>	O	Common
<i>Desmos chinensis</i> (<i>D. cochinchinensis</i> in HK Checklist)	O	Common
<i>Eurya nitida</i> (<i>E. japonica</i> in HK Checklist)	F	Common
<i>Ficus fistulosa</i>	O	Common
<i>Gnetum montanum</i>	F	Common
<i>Lophatherum gracile</i>	F	Common
<i>Millettia dielsiana</i>	O	Common
<i>Pandanus forceps</i>	O	Common
<i>Piper hancei</i>	F	Common
<i>Pittosporum glabratum</i>	F	Common
<i>Psychotria rubra</i>	F	Common
<i>Psychotria serpens</i>	F	Common
<i>Pueraria lobata</i>	F	Common
<i>Sarcandra glabra</i>	F	Common
<i>Smilax china</i>	F	Common
<i>Smilax glabra</i>	O	Common
<i>Tetracera asiatica</i>	F	Common
<i>Uvaria grandiflora</i>	S	Restricted to lowland forest
<i>Uvaria microcarpa</i>	O	Common

Table A4

**Species List for Pak Kong Feng-Shui Wood (FSW) (D: Dominant;
F: Frequent; O: Occasional; S: Scarce)**

a) Tree

Scientific Name	Abundance	Conservation Status
<i>Acronychia pedunculata</i>	O	Common
<i>Alangium chinense</i>	S	Common
<i>Antirhea chinensis</i>	O	Common
<i>Aporosa dioica</i>	F	Common
<i>Aquilaria sinensis</i>	D	Common & Protected in China
<i>Bischofia javanica</i>	O	Common, also widely planted in HK
<i>Celtis tetrandra</i> (C. <i>sinensis</i>)	S	Common
<i>Choerospondias axillaris</i>	D	Common, also widely planted in HK
<i>Cinnamomum camphora</i>	D	Common, introduced and naturalised
<i>Cinnamomum parthenoxylon</i>	O	Common
<i>Cratoxylum cochinchinense</i>	O	Common
<i>Dalbergia balanse</i>	D	Rare, but widely planted in HK
<i>Dimocarpus longan</i>	F	Common, introduced and naturalised
<i>Ficus microcarpa</i>	O	Common
<i>Ficus variegata</i> var. <i>chlorocarpa</i>	O	Common
<i>Garcinia oblongifolia</i>	O	Common
<i>Liquidambar formosana</i>	D	Common
<i>Litchi chinensis</i>	O	Common
<i>Litsea glutinosa</i>	S	Common
<i>Mallotus paniculatus</i>	O	Common
<i>Microcos paniculata</i>	O	Common
<i>Osmanthus matsumuranus</i>	O	Rare and Restricted to lowland forest
<i>Persea chinensis</i> (<i>Machilus c.</i>)	D	Common
<i>Schefflera octophylla</i>	D	Common
<i>Sterculia lanceolata</i>	F	Common
<i>Symplocos glauca</i>	D	Common
<i>Syzygium jambos</i>	F	Common, introduced and naturalised
<i>Viburnum odoratissimum</i>	O	Common

b) Shrub and Understorey

Scientific Name	Abundance	Conservation Status
<i>Adhatoda vasica</i>	O	Common
<i>Adiantum flabellatum</i>	F	Common
<i>Adinandra millettii</i>	S	Common
<i>Ampelopsis cantonioensis</i>	D	Common
<i>Antidesma buniis</i>	O	Common
<i>Archidendron clypearia</i>	O	Common
<i>Ardisia quinquegona</i>	F	Common
<i>Bowringia callicarpa</i>	F	Common
<i>Broussonetia kazinoki</i> (<i>B. kaempferi</i>)	D	Restricted to lowland forest
<i>Camellia sinensis</i>	S	Rare, but planted & naturalised near village
<i>Dalbergia benthamii</i>	O	Common
<i>Desmos chinensis</i> (<i>D. cochinchinensis</i> in HK Checklist)	O	Common
<i>Diospyros eriantha</i>	O	Common
<i>Elaeagnus loureiri</i>	O	Common
<i>Euodia leptia</i> (<i>Evodia leptia</i> in HK Checklist)	O	Common
<i>Ficus fistulosa</i>	O	Common
<i>Gardenia jasminoides</i>	S	Common
<i>Glochidion eriocarpum</i>	F	Common
<i>Gnetum montanum</i>	F	Common
<i>Ilex asprella</i>	O	Common
<i>Lophatherum gracile</i>	F	Common
<i>Meliosma rigida</i>	S	Common
<i>Melodinus suaveolens</i>	F	Common
<i>Mussaenda pubescens</i>	O	Common
<i>Pandanus forceps</i>	O	Common
<i>Pavetta hongkongensis</i>	O	Common & protected in HK
<i>Pericampylus glaucus</i>	D	Restricted to lowland forest
<i>Pottsia laxifolia</i>	O	Common
<i>Psychotria rubra</i>	F	Common
<i>Psychotria serpens</i>	F	Common
<i>Pteris multifida</i>	O	Common
<i>Pteris semipinata</i>	F	Common
<i>Pueraria lobata</i>	D	Common
<i>Rourea microphylla</i>	O	Common
<i>Rourea minor</i>	O	Common
<i>Rubus leucanthus</i>	F	Common
<i>Sarcandra glabra</i>	F	Common
<i>Sarcosperma laurinum</i>	O	Common
<i>Syzygium levinei</i>	O	Common
<i>Tetracera asiatica</i>	D	Common
<i>Thunbergia grandiflora</i>	O	Common, introduced and naturalised
<i>Tricalysia dubia</i>	O	Common
<i>Uvaria grandiflora</i>	O	Restricted to lowland forest
<i>Uvaria microcarpa</i>	F	Common
<i>Zanthoxylum avicennae</i>	O	Common
<i>Zanthoxylum nitidum</i>	O	Common

Table A5

**Species List for Ho Chung Feng-Shui Wood (FSW) (D: Dominant;
F: Frequent; O: Occasional; S: Scarce)**

a) Tree

Scientific Name	Abundance	Conservation Status
<i>Acmena acuminatissima</i>	O	Rare
<i>Acronychia pedunculata</i>	O	Common
<i>Aporosa dioica</i>	O	Common
<i>Aquilaria sinensis</i>	D	Common & Protected in China
<i>Archidendron clypearia</i>	S	Common
<i>Ardisia quinquegona</i>	O	Common
<i>Choerospondias axillaris</i>	D	Common, also widely planted in HK
<i>Cratoxylum cochinchinense</i>	F	Common
<i>Cryptocarya cocinna</i>	S	Restricted
<i>Diospyros eriantha</i>	O	Common
<i>Ehertia longiflora</i>	S	Restricted
<i>Elaeocarpus sylvestris</i>	D	Common
<i>Endospermum chinense</i>	D	Restricted to lowland forest
<i>Eucalyptus robusta</i>	O	Introduced
<i>Ficus championii</i> (<i>F. vasculosa</i>)	O	Common
<i>Ficus fistulosa</i>	O	Common
<i>Garcinia oblongifolia</i>	F	Common
<i>Glochidion wrightii</i>	S	Common
<i>Osmanthus matsumuranus</i>	D	Rare and Restricted to lowland forest
<i>Persea breviflora</i> (<i>Machilus b.</i>)	S	Common
<i>Persea chinensis</i> (<i>Machilus c.</i>)	D	Common
<i>Pinus massoniana</i>	S	Common
<i>Rapanea nerifolia</i>	O	Common
<i>Reevesia thyrsoidea</i>	S	Common
<i>Sarcandra glabra</i>	O	Common
<i>Schefflera octophylla</i>	D	Common
<i>Scolopia saeva</i>	O	Common
<i>Sterculia lanceolata</i>	O	Common
<i>Symplocos glauca</i>	D	Common
<i>Syzygium hancei</i>	O	Common
<i>Syzygium jambos</i>	O	Common, introduced and naturalised
<i>Syzygium levinei</i>	O	Common
<i>Tutcheria championii</i> (<i>Pyrenaria championii</i>)	D	Restricted and Protected in Hong Kong
<i>Viburnum odoratissimum</i>	O	Common

b) Shrub, Climber and Understorey

Scientific Name	Abundance	Conservation Status
<i>Adiantum flabellatum</i>	F	Common
<i>Alpinia chinensis</i>	O	Common
<i>Archidendron lucidum</i>	O	Common
<i>Ardisia quinquegona</i>	F	Common
<i>Artabotrys hongkongensis</i>	S	Restricted
<i>Blechnum orientale</i>	O	Common
<i>Bowringia callicarpa</i>	F	Common
<i>Byttneria aspera</i>	D	Common
<i>Calamus latifolius</i>	O	Common
<i>Cibotium barometz</i>	D	Common
<i>Cyathea podophylla</i>	O	Restricted and protected in Hong Kong
<i>Daemonorops margaritae</i>	O	Common
<i>Dalbergia hancei</i>	O	Common
<i>Dendrotrophe frutescens</i>	F	Common
<i>Desmos chinensis</i> (<i>D. cochinchinensis</i> in HK Checklist)	O	Common
<i>Dicranopteris linearis</i>	O	Common
<i>Ficus variolosa</i>	S	Common
<i>Gahnia tristis</i>	O	Common
<i>Gardenia jasminoides</i>	S	Common
<i>Glochidion eriocarpum</i>	O	Common
<i>Gnetum montanum</i>	O	Common
<i>Hedyotis acutangular</i>	O	Common
<i>Hemigramma decurrens</i>	O	Rare and restricted to lowland forest
<i>Hypolytrum hainanense</i>	O	Rare, New to HK, endemic to China (Hainan & HK)
<i>Hypolytrum nemorum</i>	O	Common
<i>Ilex pubescens</i>	O	Common
<i>Litsea rotundifolia</i> var. <i>longifolia</i>	O	Common
<i>Lophatherum gracile</i>	F	Common
<i>Lygodium flexuosum</i>	O	Common
<i>Macaranga sampsonii</i>	D	Restricted to ravine forest
<i>Mallotus hookerianus</i>	O	Common
<i>Mapania sinensis</i>	S	Rare, New to HK
<i>Melodinus suaveolens</i>	O	Common
<i>Memecylon ligustrifolium</i>	O	Common
<i>Memecylon nigrescens</i>	O	Restricted to lowland forest
<i>Millettia dielsiana</i>	O	Common
<i>Mussaenda pubescens</i>	O	Common
<i>Pandanus forceps</i>	O	Common
<i>Pleocnemia conjugata</i>	S	Very rare
<i>Pronephrium simplex</i>	F	Common
<i>Psychotria rubra</i>	F	Common
<i>Psychotria serpens</i>	F	Common
<i>Rhapis excelsa</i>	O	Restricted
<i>Rourea microphylla</i>	O	Common
<i>Rourea minor</i>	F	Common
<i>Sarcosperma laurium</i>	O	Common
<i>Schizoloma orbiculatum</i>	F	Common

Scientific Name	Abundance	Conservation Status
<i>Scleria harlandii</i>	O	Common

<i>Smilax china</i>	F	Common
<i>Smilax glabra</i>	O	Common
<i>Strychnos angustiflora</i>	F	Common
<i>Tarennia mollissima</i>	S	Common
<i>Taxillus chinensis</i>	O	Common
<i>Tetracera asiatica</i>	F	Common
<i>Tricalysia dubia</i>	S	Common
<i>Uvaria microcarpa</i>	O	Common
<i>Vernonia solanifolia</i>	O	Common
<i>Viburnum semipervirens</i>	O	Common

Table A6

**Species List for Feng Shui Wood at Pole A14-22 (D: Dominant;
F: Frequent; O: Occasional; S: Scarce)**

a) Tree

Scientific Name	Abundance	Conservation Status
<i>Acronychia pedunculata</i>	D	Common
<i>Alangium chinense</i>	O	Common
<i>Antirhea chinensis</i>	O	Common
<i>Aporosa dioica</i>	F	Common
<i>Aquilaria sinensis</i>	D	Common & Protected in China
<i>Artocarpus hypargyreus</i>	S	Common & Protected in China
<i>Artocarpus tonkinensis</i>	S	Rare
<i>Castanopsis fabri</i>	S	Common
<i>Castanopsis fissa</i>	O	Common
<i>Castanopsis lamonti</i>	S	Common
<i>Casuarina stricta</i>	O	Common, introduced
<i>Cinnamomum camphora</i>	D	Common, introduced and naturalised
<i>Cinnamomum parthenoxylon</i>	F	Common
<i>Cratoxylum cochinchinense</i>	F	Common
<i>Daphniphyllum calycinum</i>	O	Common
<i>Dioscorea cirrhosa</i>	O	Common
<i>Diospyros eriantha</i>	O	Common
<i>Diospyros morrisiana</i>	F	Common
<i>Ehertia longiflora</i>	S	Restricted
<i>Elaeocarpus chinensis</i>	O	Common
<i>Elaeocarpus sylvestris</i>	O	Common
<i>Endospermum chinense</i>	D	Restricted to lowland forest
<i>Engelhardtia roxburghiana</i> (<i>E. chrysolepis</i>)	O	Common
<i>Garcinia oblongifolia</i>	F	Common
<i>Ilex kwangtungensis</i>	O	Rare, restricted to well-growth forest in HK
<i>Ilex triflora</i>	S	Common
<i>Itea chinensis</i>	O	Common
<i>Lithocarpus corneus</i>	S	Common
<i>Lithocarpus glabra</i>	S	Common
<i>Mallotus paniculatus</i>	O	Common
<i>Myrica rubra</i>	O	Common
<i>Ormosia indurata</i>	S	Rare
<i>Persea breviflora</i> (<i>Machilus b.</i>)	D	Common
<i>Persea chinensis</i> (<i>Machilus c.</i>)	D	Common
<i>Persea velutina</i> (<i>Machilus v.</i>)	O	Common
<i>Sapium discolor</i>	O	Common
<i>Saurauia tristyla</i>	S	common
<i>Schefflera octophylla</i>	D	Common
<i>Scolopia saeva</i>	O	Common
<i>Sterculia lanceolata</i>	F	Common
<i>Symplocos glauca</i>	D	Common
<i>Syzygium hancei</i>	D	Common
<i>Syzygium jambos</i>	O	Common, introduced and naturalised
<i>Syzygium levinei</i>	O	Common
<i>Viburnum odoratissimum</i>	O	Common
<i>Zanthoxylum avicennae</i>	O	Common

b) Shrub, Climber & Understorey

Scientific Name	Abundance	Conservation Status
<i>Acacia sinuata</i>	O	Common
<i>Albizia corniculata</i>	O	Common
<i>Alpinia chinensis</i>	O	Common
<i>Alpinia katsumadai</i>	O	Common
<i>Ampelopsis cantonioensis</i>	O	Common
<i>Ania hongkongensis</i>	O	Common and protected in HK
<i>Ardisia quinquegona</i>	F	Common
<i>Bowringia callicarpa</i>	F	Common
<i>Byttneria aspera</i>	D	Common
<i>Carex cryptostachys</i>	O	Common
<i>Carex harlandii</i>	O	Restricted to well-growth forest
<i>Carex teinogyna</i>	O	Restricted to well-growth forest
<i>Casearia villilimba</i>	O	Rare, restricted to montane forest in HK
<i>Celastrus monospermus</i>	F	Common
<i>Cibotium barometz</i>	D	Common
<i>Codonoacanthus pauciflorus</i>	F	Common
<i>Daemonorops margaritae</i>	O	Common
<i>Dalbergia benthamii</i>	O	Common
<i>Dendrotrophe frutescens</i>	O	Common
<i>Dianella ensifolia</i>	O	Common
<i>Euodia leptota</i> (<i>Euodia leptota</i> in HK Checklist)	O	Common
<i>Eurya loquaiana</i>	S	Rare, new to HK
<i>Eurya muricata</i>	O	Common
<i>Eurya nitida</i> (<i>E. japonica</i> in HK Checklist)	O	Common
<i>Ficus fistulosa</i>	O	Common
<i>Glochidion eriocarpum</i>	O	Common
<i>Hedyotis acutangular</i>	O	Common
<i>Hedyotis loganioides</i>	O	Common
<i>Homalium cochinchinense</i>	S	Common
<i>Hypolytrum hainanense</i>	O	Rare, New to HK, endemic to China (Hainan & HK)
<i>Hypolytrum nemorum</i>	O	Common
<i>Ilex pubescens</i>	O	Common
<i>Liparis nervosa</i>	O	Common and protected in HK
<i>Lophatherum gracile</i>	F	Common
<i>Mallotus hookerianus</i>	O	Common
<i>Mallotus philippinensis</i>	S	Common
<i>Meliosma rigida</i>	O	Common
<i>Melodinus suaveolens</i>	O	Common
<i>Melodinus suaveolens</i>	O	Common
<i>Mussaenda pubescens</i>	O	Common
<i>Pandanus forceps</i>	O	Common
<i>Pericampylus glaucus</i>	D	Restricted to lowland forest
<i>Pronephrium simplex</i>	F	Common
<i>Psychotria rubra</i>	F	Common
<i>Psychotria serpens</i>	F	Common
<i>Rourea microphylla</i>	S	Common
<i>Rourea minor</i>	O	Common
<i>Rubus reflexus</i>	O	Common
<i>Sarcandra glabra</i>	F	Common

Scientific Name	Abundance	Conservation Status
-----------------	-----------	---------------------

<i>Tetracera asiatica</i>	F	Common
<i>Tetrastigma hemsleyanum</i>	O	Restricted, new to HK
<i>Tricalysia dubia</i>	O	Common
<i>Turpinia arguta</i>	O	Common
<i>Uvaria microcarpa</i>	O	Common
<i>Zanthoxylum scandens</i>	O	Common

**Table A7
and**

**Species List for Wasteland and Agricultural Land (including Orchard
Garden) (D: Dominant; F: Frequent; O: Occasional; S: Scarce)**

Scientific Name	Abundance	Conservation Status
<i>Acacia confusa</i>	O	Common, introduced
<i>Alangium chinense</i>	O	Common
<i>Alocasia macrorrhiza</i>	F	Common
<i>Archontophoenix alexandrae</i>	O	Common, introduced
<i>Bidens alba</i>	F	Common, exotic and naturalised
<i>Bridelia tomentosa</i>	O	Common
<i>Casuarina equisetifolia</i>	O	Common, introduced
<i>Celtis tetrandra (C. sinensis)</i>	O	Common
<i>Citrus maxima</i>	O	Common, introduced and naturalised
<i>Dicranopteris linearis</i>	O	Common
<i>Dimocarpus longan</i>	F	Common, introduced and naturalised
<i>Ficus hispida</i>	O	Common
<i>Ficus variegata var. chlorocarpa</i>	O	Common
<i>Gardenia jasminoides</i>	O	Common
<i>Hedychium coronarium</i>	D	Common, introduced and naturalised
<i>Ipomea batatas</i>	F	Common, introduced and naturalised
<i>Ipomea triloba</i>	F	Common, introduced and naturalised
<i>Lantana camara</i>	F	Common, exotic and naturalised
<i>Leucaena leucocephala</i>	F	Common, introduced and naturalised
<i>Litichi chinensis</i>	O	Common, introduced
<i>Litsea monopetalla</i>	O	Common
<i>Macaranga tanarius</i>	F	Common
<i>Microstegium ciliatum</i>	D	Common
<i>Mikania micrantha</i>	D	Common, exotic and naturalised
<i>Miscanthus floridulus</i>	D	Common
<i>Murraya exotica</i>	O	Common, introduced
<i>Musa paradisiaca var. sapientum</i>	O	Common, introduced
<i>Panicum maximum</i>	F	Common, exotic and naturalised
<i>Psidium guajava</i>	F	Common, introduced and naturalised
<i>Pteris semipinata</i>	F	Common
<i>Pueraria lobata</i>	D	Common
<i>Thunbergia grandiflora</i>	O	Common, introduced and naturalised
<i>Wedelia triloba</i>	F	Common, introduced and naturalised
