

LEGEND

- Visual Envelope Boundary (High Level)
- Visual Envelope Boundary (Low Level)
- Location of Key Viewpoints for Photomontages
- Location of Typical Viewpoints indicating screening effect of container storage yards
- Extent of STW and PS Extension Works
- Alternative Box Culverts and Overflow Channels
- West Rail (under construction)
- Deep Bay Link (alignment under design)

Significance Threshold of Residual Impacts

- Significant Impact
- Moderate Impact
- Slight Impact
- Negligible Impact
- Nil Impact

Note: Significance threshold values for visual impacts are the same in this study for construction and operation stages (refer Tables 11.2 and 11.4)

- (Extract from HKSNDZ Zoning Plan) 'Possible Extension Land Uses Subject to Further Study'
- Anticipated future visual envelope with mainly R2 and R3 housing within the shaded and hatched area.

UPGRADING & EXPANSION OF SAN WAI SEWAGE TREATMENT WORKS AND HA TSUEN PUMPING STATION

FIG. 11.4 MAPPING OF VISUAL IMPACTS
