

Summary of Disturbance to Landscape Character Units

Table 10.6

Description	Disturbance
LCU1 - Yam O Wan	Approximately 3 ha. reduction of the embay area of Yam O Wan
LCU2 - Existing Transport Corridor	Pier foundations are located at the central median and in close proximity to NLH and AEL and existing vegetation need to be removed.
LCU3A - Green Belt of Tai Shan and Tai Yam Teng	No interaction
LCU3B - Conservation area of Luk Keng Headland and Cheng Sok Island	No interaction
LCU4 - Existing Utility Facilities	No interaction
LCU5 - Temporary Sunny Bay PTI/Future Tourism Area Gateway	Temporary construction arrangement

Table 10.7 Summary of Disturbance to Landscape Resources

LEs	Type of Landscape Resources	Total area/nos. within the project area	Total Area/ Nos. interacted with the project Area
LE1	Road side tree	Approx. 111 nos.	58 nos. to be fell
LE2	Industrial/Utility	Approx. 2 ha	No interaction
LE3	Existing Roadway	Approx. 20 ha.	Pier foundations are located at the central median and in close proximity to NLH and AEL
LE4	Open Water	Approx. 67ha.	Approx. 2ha. reclamation area
LE5	Coastline	Approx. 4000m long	Approx. 550m Long
LE6	Log Pond	Approx. 22ha.	Approx. 1ha. reclamation area
LE7	Woodland	Approx. 245 ha.	No interaction

Legend :

- LIA Study Area 500m
- LE4
- Approximately 3 ha. reduction of the embay area at LCU1 will be disturbed

Legend :

- LCU 1 Yam O Wan
- LCU 2 Existing Transport Corridor
- LCU 3A Green Belt of Tai Shan and Tai Yam Teng
- LCU 3B Conservation area of Luk Keng headland and Cheung Sok Island
- LCU 4 Existing Utility Facilities
- LCU 5 Temporary Sunny Bay PTI/ Sunny Bay Tourism Area Gateway
