

Appendix G2 Species Recorded for Vegetation Survey

Species (Scientific Name)	Species (Common Chinese Name)	Origin	Form	Local Abundance
<i>Acacia auriculiformis</i>	耳果相思	Planted Exotic Species	tree	widely planted locally
<i>Acacia confusa</i>	台灣相思	Planted Exotic Species	tree	widely planted locally
<i>Achyranthes aspera</i>	土牛膝	Pantropical Weed	herb	common
<i>Acronychia pedunculata</i>	山油柑	Native Species	tree	very common
<i>Adiantum flabellulatum</i>	扇葉鐵線蕨	Native Species	herb	very common
<i>Aglaia odorata</i>	米仔蘭	Planted Exotic Species	tree	widely planted locally
<i>Alangium chinense</i>	八角楓	Native Species	tree	common
<i>Albizia lebbek</i>	大葉合歡	Planted Exotic Species	tree	widely planted locally
<i>Aleurites moluccana</i>	石栗	Planted Exotic Species	tree	widely planted locally
<i>Allamanda cathartica</i>	軟枝黃蟬	Planted Exotic Species	shrub	widely planted locally
<i>Alocasia odora</i>	海芋	Native Species	herb	very common
<i>Alpinia zerumbet</i>	花葉豔山薑	Planted Exotic Species	herb	widely planted locally
<i>Amaranthus spinosus</i>	刺莧	Exotic Species	herb	common
<i>Amaranthus viridis</i>	綠莧 (野莧)	Pantropical Weed	herb	very common
<i>Aporosa dioica</i>	銀柴	Native Species	tree	very common
<i>Aquilaria sinensis</i>	土沉香	Native Species	tree	common
<i>Araucaria heterophylla</i>	異葉南洋杉	Planted Exotic Species	tree	widely planted locally
<i>Artocarpus macrocarpon</i>	菠蘿蜜	Planted Exotic Species / Fruit Trees	tree	commonly planted
<i>Bambusa ventricosa</i>	佛肚竹	Planted Exotic Species / Fruit Trees	tree	commonly planted
<i>Artemisia japonica</i>	牡蒿	Native Species	herb	common
<i>Bauhinia variegata</i>	宮粉洋蹄甲	Planted Exotic Species	tree	widely planted locally
<i>Bauhinia x blakeana</i>	洋紫荆	Planted Exotic Species	tree	widely planted locally
<i>Bidens pilosa</i>	鬼針草	Exotic Species	herb	very common
<i>Bischofia javanica</i>	秋楓	Native Species	tree	common
<i>Bischofia polycarpa</i>	重陽木	Planted Exotic Species	tree	widely planted locally
<i>Boehmeria nivea</i>	苧麻	Pantropical Weed	shrub	restricted
<i>Bombax ceiba</i>	木棉	Planted Exotic Species	tree	widely planted locally

Appendix G2 Species Recorded for Vegetation Survey

Species (Scientific Name)	Species (Common Chinese Name)	Origin	Form	Local Abundance
<i>Bridelia tomentosa</i>	土蜜樹	Native Species	tree	very common
<i>Callistemon viminalis</i>	串錢柳	Planted Exotic Species	tree	widely planted locally
<i>Carica papaya</i>	番木瓜	Planted Exotic Species / Fruit Trees	tree	commonly planted
<i>Casuarina equisetifolia</i>	木麻黃	Planted Exotic Species	tree	widely planted locally; rarely recorded in wild population
<i>Catharanthus roseus</i>	長春花	Planted Exotic Species	herb	common (cultivated and naturalized)
<i>Celtis sinensis</i>	朴樹	Native Species	tree	common
<i>Chenopodium ambrosioides</i>	土荊芥	Exotic Species	herb	common
<i>Choerospondias axillaris</i>	南酸棗	Native Species	tree	common
<i>Chrysalidocarpus lutescens</i>	散尾葵	Planted Exotic Species	palm	widely planted locally
<i>Citrus maxima</i>	柚	Planted Exotic Species / Fruit Trees	tree	commonly planted
<i>Claoxylon indicum</i>	白桐樹	Native Species	tree	common
<i>Clausena lansium</i>	黃皮	Planted Exotic Species / Fruit Trees	tree	commonly planted
<i>Cleistocalyx operculatus</i>	水翁	Native Species	tree	common
<i>Codiaeum variegatum</i>	變葉木(灑金榕)	Planted Exotic Species	tree	widely planted locally
<i>Crateva trifoliata</i>	鈍葉魚木	Planted Exotic Species	tree	widely planted locally; rarely recorded in wild population
<i>Crateva unilocularis</i>	樹頭菜	Planted Exotic Species	tree	widely planted locally
<i>Cratogeomys cochinchinense</i>	黃牛木	Native Species	tree	very common
<i>Cyclosorus parasiticus</i>	華南毛蕨, 金星草	Native Species	herb	very common
<i>Cynodon dactylon</i>	狗牙根, 絆根草	Exotic Species	herb	very common
<i>Dalbergia benthamii</i>	兩廣黃檀	Native Species	woody climber	common
<i>Delonix regia</i>	鳳凰木	Planted Exotic Species	tree	widely planted locally
<i>Desmodium heterocarpon</i>	假地豆	Native Species	subshrub	very common
<i>Dicliptera chinensis</i>	狗肝菜	Native Species	herb	restricted
<i>Dimocarpus longan</i>	龍眼	Planted Exotic Species / Fruit Trees	tree	widely cultivated and semi-naturalized
<i>Diospyros kaki</i>	柿	Planted Exotic Species / Fruit Trees	tree	commonly planted
<i>Diospyros morrisiana</i>	羅浮柿	Native Species	tree	very common
<i>Dracaena draco</i>	龍血樹	Planted Exotic Species	tree	widely planted locally

Appendix G2 Species Recorded for Vegetation Survey

Species (Scientific Name)	Species (Common Chinese Name)	Origin	Form	Local Abundance
<i>Duranta erecta</i>	假連翹	Planted Exotic Species	shrub	widely planted locally
<i>Elaeocarpus sylvestris</i>	山杜英	Native Species	tree	very common
<i>Elephantopus scaber</i>	地膽草	Native Species	herb	common
<i>Eleusine indica</i>	牛筋草 蟋蟀草	Exotic Species	herb	very common
<i>Emilia sonchifolia</i>	一點紅	Pantropical Weed	herb	very common
<i>Eriobotrya japonica</i>	枇杷	Planted Exotic Species	tree	widely planted locally
<i>Erythrina variegata</i>	刺桐	Planted Exotic Species	tree	widely planted locally
<i>Eucalyptus citriodora</i>	檸檬桉	Planted Exotic Species	tree	widely planted locally
<i>Eucalyptus robusta</i>	大葉桉	Planted Exotic Species	tree	widely planted locally
<i>Euphorbia hirta</i>	飛揚草	Exotic Species	herb	very common
<i>Euphorbia thymifolia</i>	千根草(小飛揚)	Pantropical Weed	herb	very common
<i>Ficus benjamina</i>	垂葉榕	Planted Exotic Species	tree	widely planted locally
<i>Ficus elastica</i>	印度榕	Planted Exotic Species	tree	widely planted locally
<i>Ficus hispida</i>	對葉榕	Native Species	tree	very common
<i>Ficus microcarpa</i>	細葉榕	Native Species	tree	common
<i>Ficus pumila</i>	薜荔(文頭郎)	Native Species	climber	very common
<i>Ficus subpisocarpa</i>	筆管榕	Native Species	tree	very common
<i>Ficus variegata</i>	青果榕	Native Species	tree	common
<i>Ficus virens</i>	黃葛樹(大葉榕)	Native Species	tree	common
<i>Glochidion wrightii</i>	白背算盤子	Native Species	tree	very common
<i>Hedyotis auricularia</i>	耳草	Native Species	herb	common
<i>Hedyotis corymbosa</i>	傘房花耳草 繖房花耳草	Native Species	herb	very common
<i>Hedyotis diffusa</i>	白花蛇舌草	Native Species	herb	very common
<i>Hibiscus rosa-sinensis</i>	朱槿(扶桑、大紅花)	Planted Exotic Species	shrub	widely planted locally
<i>Hibiscus tiliaceus</i>	黃槿	Planted Exotic Species	tree	widely planted locally
<i>Imperata koenigii</i>	絲茅	Native Species	herb	very common
<i>Itea chinensis</i>	老鼠刺	Native Species	tree	very common

Appendix G2 Species Recorded for Vegetation Survey

Species (Scientific Name)	Species (Common Chinese Name)	Origin	Form	Local Abundance
<i>Ipomoea cairica</i>	五爪金龍	Pantropical Weed	climber	very common
<i>Juniperus chinensis</i>	圓柏	Planted Exotic Species	tree	widely planted locally
<i>Kyllinga polyphylla</i>	多葉水蜈蚣	Exotic Species	herb	common
<i>Lagerstroemia speciosa</i>	大花紫薇	Planted Exotic Species	tree	widely planted locally
<i>Lantana camara</i>	馬纓丹	Planted Exotic Species	shrub	very common
<i>Lemnaphyllum microphyllum</i>	伏石蕨, 螺髻草	Native Species	herb	common
<i>Leucaena leucocephala</i>	銀合歡	Planted Exotic Species	tree	common
<i>Ligustrum chinense</i>	山指甲	Native Species	shrub or small tree	common
<i>Litchi chinensis</i>	荔枝	Planted Exotic Species / Fruit Trees	tree	widely planted and semi-naturalized
<i>Litsea cubeba</i>	木薑子	Native Species	tree	common
<i>Litsea glutinosa</i>	潺槁樹	Native Species	tree	very common
<i>Litsea monopetala</i>	假柿木薑子(假柿樹)	Native Species	tree	restricted
<i>Livistona chinensis</i>	蒲葵	Planted Exotic Species	palm	widely planted locally
<i>Lonicera japonica</i>	忍冬, 金銀花	Native Species	climber	restricted
<i>Lonicera macrantha</i>	大花忍冬	Native Species	climber	common
<i>Lophatherum gracile</i>	淡竹葉	Native Species	herb	very common
<i>Lophostemon confertus</i>	紅膠木	Planted Exotic Species	tree	widely planted locally
<i>Lygodium japonicum</i>	海金沙, 羅網藤	Native Species	climber	very common
<i>Lygodium scandens</i>	小葉海金沙, 石韋藤	Native Species	climber	very common
<i>Macaranga tanarius</i>	血桐	Native Species	tree	common
<i>Machilus pauhoi</i>	刨花潤楠	Native Species	tree	very rare
<i>Machilus velutina</i>	絨毛潤楠	Native Species	tree	common
<i>Maesa perlaris</i>	鯽魚膽	Native Species	shrub	common
<i>Mallotus paniculatus</i>	白楸	Native Species	tree	very common
<i>Malvastrum coromandelianum</i>	賽葵	Pantropical Weed	herb	common
<i>Mangifera indica</i>	芒果	Planted Exotic Species / Fruit Trees	tree	commonly planted

Appendix G2 Species Recorded for Vegetation Survey

Species (Scientific Name)	Species (Common Chinese Name)	Origin	Form	Local Abundance
<i>Melaleuca cajuputi</i> subsp. <i>cumingiana</i>	白千層	Planted Exotic Species	tree	widely planted locally
<i>Melicope pteleifolia</i>	蜜茱萸	Native Species	tree	common
<i>Melia azedarach</i>	苦楝	Planted Exotic Species	tree	common (cultivated and naturalized)
<i>Michelia x alba</i>	白蘭	Planted Exotic Species	tree	widely planted locally
<i>Microcos paniculata</i>	破布葉(布渣葉)	Native Species	tree	common
<i>Microstegium ciliatum</i>	剛莠竹	Native Species	herb	very common
<i>Mikania micrantha</i>	薇甘菊	Planted Exotic Species	climber	very common
<i>Morus alba</i>	桑	Pantropical Weed	tree	common
<i>Musa acuminata</i>	香蕉	Planted Exotic Species / Fruit Trees	tree	commonly planted
<i>Opuntia stricta</i>	仙人掌	Planted Exotic Species	herb	common (cultivated and naturalized)
<i>Oxalis corniculata</i>	酢漿草	Cosmopolitan Weed	herb	very common
<i>Oxalis corymbosa</i>	紅花酢漿草	Exotic Species	herb	common
<i>Paederia scandens</i>	雞矢藤	Native Species	climber	very common
<i>Panicum maximum</i>	大黍	Exotic Species	herb	very common
<i>Parthenocissus dalzielii</i>	爬牆虎(異葉爬山虎)	Planted Exotic Species	climber	common
<i>Paspalum conjugatum</i>	兩耳草	Exotic Species	herb	common
<i>Peltophorum pterocarpum</i>	盾柱木	Planted Exotic Species	tree	widely planted locally
<i>Perilla frutescens</i>	紫蘇	Exotic Species	herb	restricted
<i>Pharbitis nil</i>	牽牛	Exotic Species	climber	common
<i>Phoenix roebelenii</i>	軟葉刺葵, 日本葵	Planted Exotic Species	palm	widely planted locally
<i>Plantago major</i>	車前草	Cosmopolitan Weed	herb	very common
<i>Plumeria rubra</i>	雞蛋花	Planted Exotic Species	tree	widely planted locally
<i>Pogonatherum crinitum</i>	金絲草	Native Species	herb	common
<i>Polygonum chinense</i>	火炭母	Native Species	herb	very common
<i>Portulaca oleracea</i>	馬齒莧	Cosmopolitan Weed	herb	very common
<i>Psidium guajava</i>	番石榴	Planted Exotic Species / Fruit Trees	tree	common (cultivated and naturalized)

Appendix G2 Species Recorded for Vegetation Survey

Species (Scientific Name)	Species (Common Chinese Name)	Origin	Form	Local Abundance
<i>Pteris ensiformis</i>	劍葉鳳尾蕨, 井邊茜	Native Species	herb	common
<i>Pteris semipinnata</i>	半邊旗	Native Species	herb	very common
<i>Pterocarpus indicus</i>	紫檀	Planted Exotic Species	tree	widely planted locally
<i>Pueraria lobata</i>	葛	Native Species	climber	very common
<i>Rhus succedanea</i>	野漆樹	Native Species	tree	common
<i>Roystonea regia</i>	王棕	Planted Exotic Species	palm	widely planted locally
<i>Sapium sebiferum</i>	烏桕	Native Species	tree	common
<i>Saraca indica</i>	無憂樹	Planted Exotic Species	tree	comonly planted
<i>Schefflera heptaphylla</i>	鴨腳木	Native Species	tree	very common
<i>Schima superba</i>	木荷	Native Species	tree	common
<i>Scolopia saeva</i>	廣東刺柃	Native Species	tree	common
<i>Scoparia dulcis</i>	野甘草	Exotic Species	herb	common
<i>Senna siamea</i>	鐵刀木	Planted Exotic Species	tree	widely planted locally
<i>Senna surattensis</i>	黃槐, 決明(黃槐)	Planted Exotic Species	tree	widely planted locally
<i>Sida rhombifolia</i>	白背黃花稔	Pantropical Weed	subshrub	common
<i>Solanum nigrum</i>	龍葵	Native Species	herb	very common
<i>Sonchus arvensis</i>	苣荬菜	Native Species	herb	very common
<i>Sonchus oleraceus</i>	苦苣菜	Exotic Species	herb	very common
<i>Spathodea campanulata</i>	火焰木	Planted Exotic Species	tree	widely planted locally
<i>Sphenomeris chinensis</i>	烏蕨, 烏韭	Native Species	herb	very common
<i>Stachytarpheta jamaicensis</i>	假馬鞭, 假敗醬	Exotic Species	herb	common
<i>Stephania longa</i>	糞箕篤	Native Species	climber	common
<i>Stephania tetrandra</i>	粉防己	Native Species	climber	very rare
<i>Sterculia lanceolata</i>	假蘋婆	Native Species	tree	very common
<i>Swietenia mahagoni</i>	桃花心木	Planted Exotic Species	tree	widely planted locally
<i>Symplocos cochinchinensis</i> var. <i>laurina</i>	黃牛奶樹	Native Species	tree	common

Appendix G2 Species Recorded for Vegetation Survey

Species (Scientific Name)	Species (Common Chinese Name)	Origin	Form	Local Abundance
<i>Synedrella nodiflora</i>	金腰箭, 苞殼菊	Exotic Species	herb	very common
<i>Syzygium jambos</i>	蒲桃	Planted Exotic Species / Fruit Trees	tree	common (cultivated and naturalized)
<i>Terminalia catappa</i>	欖仁樹	Planted Exotic Species / Fruit Trees	tree	widely planted locally; rarely recorded in wild population
<i>Vernonia cinerea</i>	夜香牛	Pantropical Weed	herb	very common
<i>Viburnum odoratissimum</i>	珊瑚樹	Native Species	tree	very common
<i>Viola verecunda</i>	堇菜	Native Species	herb	restricted
<i>Wedelia trilobata</i>	三裂葉蟛蜞菊	Planted Exotic Species	herb	common (cultivated and naturalized)
<i>Youngia japonica</i>	黃鶉菜	Native Species	herb	very common
