# West Kowloon Cultural District

# Day 1 without Mitigation Measure

### NOTE:

The drawing provides aesthetic impression of the indicative form, size and quality of the architectural and landscaping treatment for the XRL structures. The final details of layout, materials and finishes will be subject to detailed development.

Consultation with WKCDA with respect to the architectural treatment to the ventilation shafts would be carried out during the detailed design stage of WKT to ensure the shafts blend into both the future WKCD and surroundings.
