Dear Sir,

Agreement No. CE 43/2010(HY)
Central Kowloon Route - Design and Construction

Technical Notes – Approach and Methodology for Traffic Forecasts

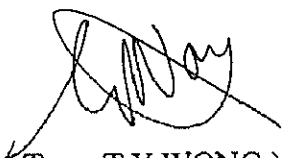

I refer to your letter dated 4 October 2011 and the subsequent e-mails from your Ms. Carmen CHU dated 10 October 2011 and 26 October 2011 regarding the traffic forecasts for EIA Study.

Please note that we have no comments on the proposed growth factor for projection of Year 2026 to Year 2036 traffic forecasts and the adoption of scenarios “S2021/C: CKR + TKO-LTT” and “S2036/G: CKR+T2+TKO-LTT+CBL+Widening of GRF” to prepare the traffic forecasts for EIA assessment.

This is a coordinated reply from Transport Department.

Yours faithfully,

Worst Scenario for EIA Assessment

I refer to your e-mail of 26 November 2012 and have no comment on the proposed growth factor for projection of Year 2026 to Year 2036 traffic forecasts and the adoption of scenarios "S2021/C: CKR + TKO-LTT without T2" and "S2036/G: CKR + T2 + TKO-LTT + CBL + Widening of GRF" as the worst scenarios to prepare the traffic forecasts for EIA assessment.

This is a coordinated reply from Transport Department.
