

註：圖中所示的評估範圍包括香港邊界內所有需進行影響評估的區域，即距工程項目及有關聯工程邊界300米以內的區域。在適當的情況下，屬於該範圍內但超出香港邊界的潛在影響源也會標識。

Note: The assessment area shown in the figure includes all areas for impact assessment within the HKSAR boundary that are within 300m from the boundary of the Project and associated works. Potential sources of impact within that distance beyond the HKSAR boundary are also identified, where appropriate.
