The diagram illustrates the layout plan of the proposed sewage treatment works extension in FLN NDA. The plan shows the boundaries of the site for further expansion, the existing facilities to be retrofitted and E&M equipped, and facilities newly constructed in Phase 1 & Phase 2. The diagram includes various labeled components such as Inlet Works, Decentralization House, and Gas Holder. The LEGEND explains the symbols and colors used in the diagram. The layout is drawn to scale 1:1250 on A1 and 1:2500 on A3. The project is developed by HARUP in collaboration with ARUP and the Civil Engineering and Development Department. The agreement number is CE 61/2007 (CE) for North East New Territories New Development Areas Planning and Engineering Study - Investigation.
