| Mitigation Measure Code                         | Summary Description                                                                          |
|-------------------------------------------------|----------------------------------------------------------------------------------------------|
| <b>Construction Phase</b>                       |                                                                                              |
| MM 1                                            | Optimization of Construction Areas & Providing Temporary Landscape on Temporary Construction |
| MM 2                                            | Minimize Topographical Changes                                                               |
| MM 3                                            | Preservation of Potentially Registrable OVTs, Rare and Protective Vegetation                 |
| MM 4                                            | Transplanting of Existing Trees                                                              |
| MM 5                                            | Screen Hoarding                                                                              |
| MM 6                                            | Adopting Non-dredge Method for the Reclamation                                               |
| MM 7                                            | Protection of Natural Rivers and Streams                                                     |
| MM 8                                            | Preservation of Natural Coastline                                                            |
| MM 9                                            | Providing Natural Rock Material/ Planting for Artificial Seawall                             |
| <b>Operational Phase</b>                        |                                                                                              |
| MM 10                                           | Compensatory Planting                                                                        |
| MM 11                                           | Woodland Restoration                                                                         |
| MM 12                                           | Screen Planting                                                                              |
| MM 13                                           | Roadside Planting                                                                            |
| MM 14                                           | Aesthetic Design of Built Development                                                        |
| MM 15                                           | Maximise Greening on Structures                                                              |
| MM 16                                           | Noise Barrier Design                                                                         |
| MM 17                                           | Landscape Treatment for Polders & Stormwater Attenuation and Treatment Ponds                 |
| <b>Construction Phase &amp; Operation Phase</b> |                                                                                              |
| MM 18                                           | Landscaping on Slopes                                                                        |
| MM 19                                           | Landscape Treatment on Channelized Watercourses                                              |
| MM 20                                           | Lighting Control                                                                             |
