

VSR 26 Photomontage- with mitigation at Day 1

VSR 26 Photomontage- with mitigation at Year 10

Description:

- This VSR represents both visitors and ferry passengers, facing to open sea and high-rise residential buildings of Tung Chung Town. The visual impacts would mainly result from the loss of visual element like open seaview and appearance of new development due to the proposed development of TCE.
- Following application the mitigation measures including screen planting, maximise greening on structures with aesthetic design of built development, it is considered that they can assist greatly in breaking up the appearance of the proposed development and compatible with the receiving landscape, and then can alleviate the potential visual impact.

Note:
1. The photomontages have been generated to provide a preliminary idea on the scale and extent of the proposed development. These images will be subject to change and are for illustrative purposes only. Built form demonstrates scale and massing only, it does not represent architectural design, finishes or any other related detailed design components.

Mitigation Measures Construction Phase

MM 1	Optimization of Construction Areas & Providing Temporary Landscape on Temporary Construction
MM 2	Minimize Topographical Changes
MM 3	Preservation of Potentially Registrable OVTs, Rare and Protective Vegetation
MM 4	Transplanting of Existing Trees
MM 5	Screen Hoarding
MM 6	Adopting Non-dredge Method for the Reclamation
MM 7	Protection of Natural Rivers and Streams
MM 8	Preservation of Natural Coastline
MM 9	Providing Natural Rock Material / Planting for Artificial Seawall

Mitigation Measures Operational Phase

MM 10	Compensatory Planting
MM 11	Woodland Restoration
MM 12	Screen Planting
MM 13	Roadside Planting
MM 14	Aesthetic Design of Built Development
MM 15	Maximise Greening on Structures
MM 16	Noise Barrier Design
MM 17	Landscape Treatment for Polders & Stormwater Attenuation and Treatment Ponds

MM Construction Phase & Operation Phase

MM 18	Landscaping on Slopes
MM 19	Landscape Treatment on Channelized Watercourses
MM 20	Lighting Control
