

## Appendix 6.3

### Typical Standard Design of Stepped Channels

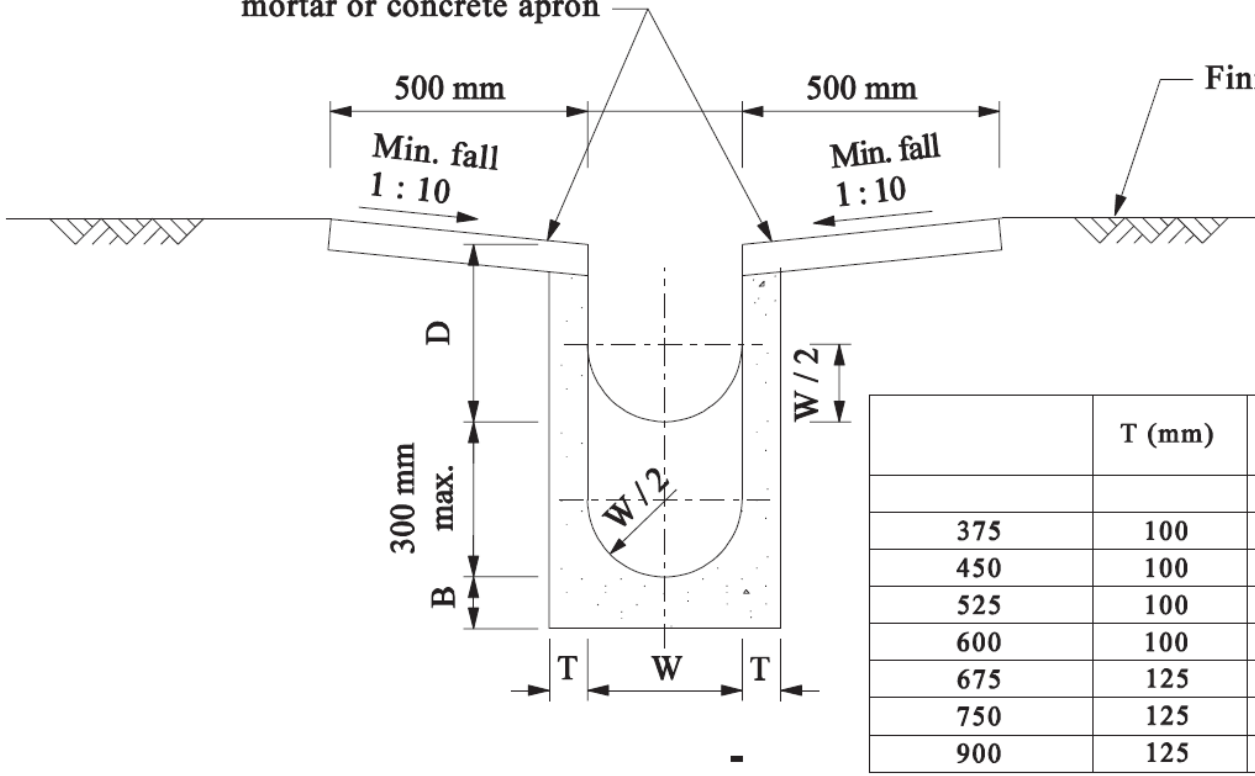

Top inner edge of channel

Design channel depth,  $D$

Masonry facing on cement mortar or concrete apron

Finished slope profile

	T (mm)	B (mm)	D (mm)
375	100	150	540
450	100	150	575
525	100	150	615
600	100	150	650
675	125	175	740
750	125	175	775
900	125	175	850
