Note:
 [1] The assessment will only include NSRs which rely on opened windows for ventilation.
 [2] The first layer of NSRs which are most affected by the project within 300m from project boundary is included. Representative NSRs for construction noise and operational road traffic noise assessments are shown in Figure 5.5.1 to Figure 5.5.9 and Figure 5.6.1 to Figure 5.6.8 respectively.
 [3] R - Residential Premises, E - Educational Institutions
 [4] Land status of Lo Wu Public School (NSR N1-1) has been sought with EDB, LandsD and PlanD and it was informed that there is currently no implementation program. Hence it is excluded in the noise impact assessment.
 [5] Land status of Sam Wo Public School (NSR N22-1) has been sought with EDB, LandsD and PlanD and it was informed that there is currently no implementation program. Hence it is excluded in the noise impact assessment.
 [6] Planned NSRs are assigned within the "V" zone in N23.
