Notes:

(1) Corlett, R., Xing, F., Ng, S. C., Chau, L., Wong, L. (2000). *Hong Kong Vascular Plants: Distribution and Status*. Memoirs of the Hong Kong Natural History Society. 23:1-3.

(2) Yip, Y., Yip, K. L., Liu, K. U., Ngar Y. N., Lai, C. C. (2010). A Floristic Survey of Marshes in Hong Kong. Hong Kong Biodiversity. Issue No. 19.

(3) As the species was artificially introduced to the habitat, it is not considered as species of conservation importance.

(4) Distribution of the species is described as 'rare' in Corlett *et al.* (2000) but it is exotic, and is largely cultivated in Hong Kong.

(5) This species is not considered a species of conservation importance, as it is not listed in "Rare and Precious Plant in Hong Kong", and is common

or very common in Hong Kong. Status from IUCN Red List was assessed based on locations outside Hong Kong.
