

Project: Proposed Comprehensive Residential and Commercial Development atop Siu Ho Wan Depot

Title: Bird Recorded within the Subject Site and Assessment Area

Appendix 9.2 Bird Recorded within the Subject Site and Assessment Area

English Name	Scientific Name	Assessment Area					Subject Site	Commonness and Distribution in Hong Kong	Conservation Status
		PL	WL	S/G	U/D	WC			
Striated Heron	<i>Butorides striata</i>					1		Locally uncommon in summer and scarce in winter. Widely distributed in Hong Kong.	Fellowes <i>et al.</i> (2002): (LC)
Chinese Pond Heron	<i>Ardeola bacchus</i>			1				Common resident. Widely distributed in Hong Kong.	Fellowes <i>et al.</i> (2002): PRC, (RC)
Little Egret	<i>Egretta garzetta</i>				1	5		Common resident. Widely distributed in coastal area throughout Hong Kong.	Fellowes <i>et al.</i> (2005): RC
Crested Goshawk	<i>Accipiter trivirgatus</i>			1				Uncommon resident. Widely distributed in woodlands and shrublands throughout Hong Kong.	Class 2 Protected Animal of China; Appendix 2 of CITES
Spotted Dove	<i>Spilopelia chinensis</i>				3			Abundant resident. Widely distributed in Hong Kong.	
Greater Coucal	<i>Centropus sinensis</i>			2				Common resident. Widely distributed in Hong Kong.	Class 2 Protected Animal of China; China Red Data Book Status: (Vulnerable)
Asian Koel	<i>Eudynamys scolopaceus</i>		1	5	1			Common resident. Widely distributed in Hong Kong.	
Large Hawk Cuckoo	<i>Hierococcyx sparverioides</i>			1				Common passage migrant and summer visitor. Widely distributed in woodland throughout in Hong Kong.	
Collared Scops Owl	<i>Otus lettia</i>				1			Common resident. Widely distributed in shrubland throughout Hong Kong.	Class 2 Protected Animal of China; Appendix 2 of CITES
Savanna Nightjar	<i>Caprimulgus affinis</i>				1			Uncommon resident and passage migrant. Widely distributed in Hong Kong.	
Black-winged Cuckooshrike	<i>Coracina melaschistos</i>				1			Scarce passage migrant and winter visitor. Widely distributed in woodland throughout Hong Kong.	
Black Drongo	<i>Dicrurus macrocercus</i>		2		3		3	Common summer visitor. Widely distributed in open area throughout Hong Kong.	
Large-billed Crow	<i>Corvus macrorhynchos</i>		2	3	2		1	Common resident. Widely distributed in Hong Kong	
Cinereous Tit	<i>Parus cinereus</i>			2				Common resident. Widely distributed in Hong Kong.	
Red-whiskered Bulbul	<i>Pycnonotus jocosus</i>	1	2	17	14		3	Abundant resident. Widely distributed in Hong Kong.	
Chinese Bulbul	<i>Pycnonotus sinensis</i>	3		3	22		12	Abundant resident. Widely distributed in Hong Kong.	
Barn Swallow	<i>Hirundo rustica</i>				2			Abundant passage migrant and summer visitor. Widely distributed in Hong Kong.	
Yellow-browed Warbler	<i>Phylloscopus inornatus</i>				2			Common winter visitor and spring migrant. Found in woodland throughout Hong Kong.	
Yellow-bellied Prinia	<i>Prinia flaviventris</i>			3	3		1	Common resident. Widely distributed in Hong Kong.	
Common Tailorbird	<i>Orthotomus sutorius</i>			1				Common resident. Widely distributed in Hong Kong.	
Japanese White-eye	<i>Zosterops japonicus</i>	2			2			Abundant resident. Widely distributed in Hong Kong.	
Crested Myna	<i>Acridotheres cristatellus</i>	1	3		48		16	Common resident. Widely distributed in Hong Kong.	
Red-billed Starling	<i>Spodiopsar sericeus</i>				11			Common winter visitor. Widely distributed in Hong Kong	Fellowes <i>et al.</i> (2002): RC
Black-collared Starling	<i>Gracupica nigricollis</i>			2	6	1	3	Common resident. Widely distributed in Hong Kong.	
Chinese Blackbird	<i>Turdus mandarinus</i>				1			Common winter visitor. Widely distributed in Hong Kong.	
Pale Thrush	<i>Turdus pallidus</i>				1			Uncommon winter visitor. Widely distributed in woodland throughout Hong Kong.	
Oriental Magpie Robin	<i>Copsychus saularis</i>				4			Abundant resident. Widely distributed in Hong Kong.	
Blue Whistling Thrush	<i>Myophonus caeruleus</i>			1	1			Common resident. Widely distributed in shrubland and woodland throughout Hong Kong.	
Blue Rock Thrush	<i>Monticola solitarius</i>				1			Uncommon passage migrant and winter visitor. Widely distributed in hillside grassland throughout Hong Kong.	
Fork-tailed Sunbird	<i>Aethopyga christinae</i>				1			Common resident. Widely distributed in Hong Kong.	
Eurasian Tree Sparrow	<i>Passer montanus</i>				31		14	Abundant resident. Widely distributed in Hong Kong.	
White Wagtail	<i>Motacilla alba</i>				3			Common passage migrant and winter visitor. Widely distributed in Hong Kong.	
Total number of species		4	5	13	25	3	8		
Total Abundance		7	10	42	166	7	53		

Habitat: PL = Plantation, WL= Woodland, S/G = Shrubland/ Grassland, U/D = Urbanised/Disturbed, WC= Watercourse

Level of Concern: LC = Local Concern, PRC = Potential Regional Concern, RC = Regional Concern, GC = Global Concern

Letters in parentheses indicate that the assessment is on the basis of restrictedness in breeding and/or roosting sites rather than in general occurrence (Fellowes et al.,2002).
