Summary	
Total Number of Individual Trees outside Project Boundary and within 100m Assessment Area	717

Remarks:

T1505 Aquilaria sinensis (as shown in Figure 9.7o) is protected species under Endangered Species of Animals and Plants Ordinance (Cap. 586) which was found within the 100m assessment area but outside the Project boundary. As no construction works will be conducted outside the Project boundary, it is considered that the individual of Aquilaria sinensis will not be affected by the Project.

* All trees outside the Project boundary will not be affected by the Project.
