Legend

- Assessment Area for Cultural Heritage (50m)
- Proposed Development Area Boundary
- Project Site Boundary

Previous Study 1998 (AMO 1998)

- Auger Hole
- Test Pit

Previous Study 2000 (HKIA 2000)

- Auger Hole
- Test Pit

Previous Study 2003 (AMO 2003)

- Auger Hole
- Test Pit

AWB conducted in 2012-2013 (ERM 2014)

- Test Pit Excavation conducted in 2016 (AECOM 2017b)
- Test Pit Excavation conducted in 2014-2015 (AECOM 2017a)

- Area Proposed for Further Testing
- Archaeological Watching Brief Area 2016/2017 (AECOM 2018)
- Tsing Shan Firing Range Boundary
- Previous Study 2010 (AMO 2010)
- Previous Study 2011 (AMO 2011)
- Site of Archaeological Interest

Geology

Superficial Deposit

- Hang Hau Formation
- Alluvium
- Debris flow deposits
- Talus (rockfall) deposits
- Terraced alluvium

Solid Geology

Lithology

- Biotite
- Fine-grained granite
- Fine-to medium-grained granite
- Tuffite
- Mai Po Formation

Revision	Description
