Subject: Chimney

Dear Daisy,

Please note that our Kowloon Bay Training Centre has an un-used chimney. That chimney had been blocked by a steel cover at its opening.

Regards,
Michael

Dear Sir/Madam,

We are Engineering Consultant called Meinhardt Infrastructure and Environment Ltd. We are currently undertaking an Air Quality Environmental Impact Assessment of the Kai Tak New Acute Hospital, and would like to gather some information from your office in Kowloon Bay since your office is located within the assessment area of the study.

May I know if the building of your office in Kowloon Bay Training Center has any chimneys? If yes, can we have the exact location of that chimney(s)? A map showing the location of chimneys is preferred for our further assessment.

Your reply is appreciated. if any questions, please contact us on daisyauyeung@meinhardt.com.hk and my direct line is +852 28595851. Look forward to your reply.

Thanks
