Transport Department  
Urban Regional Office, Traffic Engineering (Kln.) Division  
Kln. District West Section  
8/F, Mongkok Government Offices,  
30 Luen Wan Street, Mongkok, Kowloon

Attn: Mr. WONG Siu Man, Simon (Sr Engr/Kln District West)

Dear Sir/Madam,

**Consultancy Services for  
Design and Administration of the Construction of New Exit Road and Associated Works  
Adjoining to the West Kowloon Cultural District Development**

**Technical Note on Traffic Forecast for Environmental Impact Assessment**

Pursuant to Clause 7.4.26 (ii) of the Scope of Services (Schedule 2), we are pleased to submit the Technical Note on Traffic Forecast for Environmental Impact Assessment of the captioned project for your review and comment.

We would be much grateful if you could kindly provide your comments, if any, **on or before 14 October 2020**. Nil return is also required.

Should you have any queries, please feel free to contact our Mr. Princeton Law at 3922 9009 or [princeton.law@aecom.com](mailto:princeton.law@aecom.com). Thank you for your kind attention and assistance.

Yours faithfully,  
For and on behalf of  
AECOM Asia Co. Ltd.

Isaac Lo  
Executive Director  
Land Supply / Municipal, Hong Kong

Encl.

---

Dear Mr. Wong,

Further to submission of Technical Note on Traffic Forecast for Environmental Impact Assessment dated 25 September 2020 under letter ref. IWHL:PLHL:mlpm:60588677/9.22-2020010722L (see attached cover letter for your reference), we would be much grateful if you could provide your comments, if any, at your earliest convenience.

Please feel free to contact our Mr. Martin Law at 3922 8571 should you have any queries. Thank you for your kind attention and assistance.

Regards,

Dear Martin,

I have no comment from traffic engineering viewpoint on your proposed methodology in deriving the in and out traffic patterns at GMB / franchised bus at PTIs, which will be adopted in the vehicle emission assessments of EIA.

Subject: RE: WKCD New Exit Road - Traffic Assumptions for Cold Start Assessment in EIA

---

Dear Sam,

Further to the Environmental Study Management Group Meeting held amongst EPD, CEDD, WKCD and AECOM held on 20 November 2020, EPD has clarified that their comment extracted below was to seek TD's agreement on the Kowloon Station PTI and West Kowloon Station Bus Terminus' bus and GMB schedules adopted in the EIA.

EPD's comment is extracted below:

EPD's Comment  
The in and out traffic of the PTI/minibus should be agreed by TD.

Please note the in and out traffic of GMB / franchised bus at PTIs as attached (extracted from Appendix 3.6 of the EIA Report) are used for the purpose of vehicle emission assessments. Such traffic patterns were derived by site observations and the GMB / franchised bus operators' published operating schedules. Below are the steps to derive the GMB / franchised bus pattern:

- \* Step 1 - On-site observation to capture the in / out patterns of PT services at the Kowloon Station PTI and West Kowloon Station Bus Terminus.
- \* Step 2 - Check the observed arrival and departure patterns against the GMB / franchised bus operators' published operating schedules.
- \* Step 3 - Consolidate the pattern in format required for the vehicle emission assessment (attached).

We will be grateful if you would offer your comments, if any, on our adoption of the above methodology to derive the in and out traffic patterns at GMB / franchised bus at PTIs for the purpose of vehicle emission assessments. Due to the tight EIA programme, your response by 26 November 2020 is be much appreciated.

Please feel free to discuss if there're questions. Many thanks.

Regards,  
Martin
