（Attn：Mr Kelvin Chang）
Dear Sir，
Agreement No．CE 8／2018（HY）

## Revised Trunk Road T4 and Associated Improvement Works in Sha Tin－Investigation Technical Note on Traffic Forecast for EIA（Ref．TN01）－Issue 1

We refer to your above quoted letter dated 31 May 2021 regarding the captioned submission．

The methodology on the collection，use and interpretation of traffic data for EJA purpose is outside TD＇s jurisdiction．In this connection，we have no comments on the captioned technical note as long as the traffic data tally with those for the TIA report．In case there is any discrepancy in the traffic data between the TIA report and the EIA report，please highlight it for our consideration．

The above comments are from TE／NTE division of TD．

Revised Trunk Road T4 in Sha Tin (With Project Scenario)
24 Hours Travelling Speed (Year 2028)
Note: Traffic Speed for HGV, PV5, NFB, FB are capped at 70kph, Traffic Speed for PLB is capped at 80 kph

Revised Trunk Road T4 in Sha Tin (Without Project Scenario)
Projected Traffic Flows (Year 2028)

Revised Trunk Road T4 in Sha Tin (Without Project Scenario)
24 Hours Travelling Speed (Year 2028)
Note: Traffic Speed for HGV, PV5, NFB, FB are capped at 70kph, Traffic Speed for PLB is capped at 80 kph

Dear Sir，
Agreement No．CE 8／2018（HY）

## Revised Trunk Road T4 and Associated Improvement Works in Sha Tin－Investigation Technical Note on Traffic Forecast for EIA（Ref．TN01）－Issue 1

We refer to your above quoted letter dated 31 May 2021 regarding the captioned submission．

The methodology on the collection，use and interpretation of traffic data for EJA purpose is outside TD＇s jurisdiction．In this connection，we have no comments on the captioned technical note as long as the traffic data tally with those for the TIA report．In case there is any discrepancy in the traffic data between the TIA report and the EIA report，please highlight it for our consideration．

The above comments are from TE／NTE division of TD．
