Dear Sir,

Agreement No. CE 48/2018 (HY) Improvement of Lion Rock Tunnel - Investigation Technical Note on Traffic Forecast for EIA (Ref. TN01) - Issue 1

I refer to your letter dated 26 January 2021 enclosing the captioned technical note.

We have offered our comments on traffic data for the TIA report under our letter ref. (NE8AX) in TD NR151/121-1 dated 24 June 2020, and these comments are still valid. While our comments are given for TIA purpose, the methodology on the collection, use and interpretation of traffic data for EIA purpose is outside TD's jurisdiction. In this connection, we have no comments on the captioned technical note as long as the traffic data tally with those for the TIA report. In case there is any discrepancy in the traffic data between the TIA report and the EIA report, please highlight it for our consideration.

The above is the reply from TENTE.

Yours faithfully,

(POON Chi-cheong)

for Commissioner for Transport
