(4) This species is not regarded as species of conservation importance because it is exotic and planted.

(5) The individuals recorded were not considered species of conservation importance because they were introduced to the habitat artificially.

Habitat Type: WL: Woodland; PL: Plantation; SL: Shrubland; VO: Village/Orchard; NWC: Natural Watercourse; MWC: Modified Watercourse; DA: Developed Area.

Code for Abundance: ++++ = abundant; +++ = frequent; ++ = occasional; + = scarce

Species of conservation importance is in **bold** type face.
