

CONTENTS

Volume 3- Appendices (Appendices 2.1 to 3.7)

Volume 4- Appendices (Appendices 3.8 to 13.2)

APPENDICES

[Appendix 2.1 Tentative Construction Programme](#)

[Appendix 3.1 Calculation of Construction Dust Emission Source](#)

[Appendix 3.2 Determination of Surface Characteristics Parameters](#)

[Appendix 3.3 Traffic Forecast for Air Quality Impact Assessment](#)

[Appendix 3.4 EMFAC-HK Model Assumptions](#)

[Appendix 3.5 Composite Vehicular Emission Factors for CALINE4 Model](#)

[Appendix 3.6 Detailed Calculation of Emissions from Tunnel Portals and Ventilation Building](#)

[Appendix 3.7 Detailed Calculation of Emissions Associated with Public Transport Interchanges, Bus Termini, Heavy Goods Vehicle Parking Site and Kiosks](#)

[Appendix 3.8 Detailed Calculation of Emissions from Marine Vessels](#)

[Appendix 3.9 Cumulative Results for Construction Dust Impact Assessment](#)

[Appendix 3.10 Jenkin Method for Long-term Cumulative NO₂ Assessment](#)

[Appendix 3.11 Cumulative Results for Operational Air Quality Impact Assessment](#)

[Appendix 4.1 Photographs of the Existing Noise Sensitive Receivers](#)

[Appendix 4.2 Tentative Construction Programme](#)

[Appendix 4.3 Construction Plant Inventory \(Unmitigated Scenario\)](#)

[Appendix 4.4 Details of Construction Noise Assessment \(Unmitigated Scenario\)](#)

[Appendix 4.5 Schematic Drawing of Mitigation Measures](#)

[Appendix 4.6 Construction Plant Inventory \(Mitigated Scenario\)](#)

[Appendix 4.7 Details of Construction Noise Assessment \(Mitigated Scenario\)](#)

[Appendix 4.8 Details of Fixed Noise Assessment](#)

[Appendix 5.1 Working Paper on Water Quality Modelling Plan](#)

[Appendix 5.2 Contour Plots for SS Elevation and Sedimentation Flux from Maintenance Dredging](#)

[Appendix 5.3 Grid Convergence Test](#)

[Appendix 5.4 Contour Plot of Depth-Averaged Tracer Concentration in Dry and Wet Seasons](#)

[Appendix 5.5 Details of Proposed Project Element and Existing Piers and Box Culvert Considered in Hydrodynamic Assessment](#)

[Appendix 5.6 General Layout Plan for Marine Viaduct](#)

[Appendix 5.7 Sediment Elutriate Test Results](#)

[Appendix 6.1 Approved Sediment Sampling and Testing Plan](#)

[Appendix 6.2 Summary of Chemical Screening Test Results](#)

[Appendix 6.3 Summary of Biological Screening Test Results](#)

[Appendix 6.4 Estimated Volume of Land-based Sediment to be Generated](#)

[Appendix 6.5 Estimated Volume of Marine-based Sediment to be Generated](#)

[Appendix 7.1 Literature Review](#)

[Appendix 7.2 Terrestrial and Marine Ecological Survey Data](#)

[Appendix 7.3 Report of Passive Acoustic Monitoring \(PAM\) Data Analysis](#)

[Appendix 9.1 Extract of Relevant EIA Studies](#)

[Appendix 9.2 Geophysical Survey Track Plot](#)

[Appendix 9.3 Sonar Contact Images](#)

[Appendix 9.4 Magnetic Anomalies Images](#)

[Appendix 10.1 Broad Brush Tree Survey Report](#)

[Appendix 13.1 Key Assessment Assumptions and Limitation of Assessment Methodologies](#)

[Appendix 13.2 Summary of Environmental Impacts Associated with the Project](#)
