Figure 13.2 Programme for Implementation of Eastern Waters Island Landfill (EWIL)

Description																										
	Years	2000	2001	2002	2003	3 2004	2005	2006	2007	2008	2009	2010	2011	2012	2013	2014	2015	015	2016	2017	2018	2019	2020	2021	2022	2023
Extension of Existing Landfills etc Study (CE 45/99)	2.7	/																								
Consultation	0.5	5																								
Creating Cat. C Project	0.5	5																								
Upgrading to Cat. B Project	0.4	ŀ				1																				
Consultants Selection	0.6	6			1																					
Eastern Waters Island Landfill Feasibility Study (TIA, EIA, etc)	2.5	5							l																	
Environmental Impact Assessment Ordinance (EIAO) Procedures	0.5	5																								
Environmental Permit Issued	-	-							>																	
Town Planning Ordinance Procedures	3.3	3																								
EXCO Approval	-	-																								
Foreshore & Sea-bed (Reclamations) Ordinance	3.3	3																								
EXCO Approval	-	-									•															
Preparation of Tender Documents for Cell 1 Seawall & Reclamation	0.9)																								
Tendering Cell 1 Seawall & Reclamation	0.5	5																								
Cell 1 Dredging and Seawall	3.0)																								
Cell 1 Filling behind Seawall (50 ha.)	5.5	5																	_							
Cell 1 Filling behind Seawall (Remainder)	7.0)																								
Cell 1 Settlement Period for first 50 ha.	1.0)																								
Preparation of Tender Documents for Cell 2 Seawall & Reclamation	0.9)																								
Tendering Cell 2 Seawall & Reclamation	0.5	5																								
Cell 2 Dredging and Seawall	2.0)																								
Cell 2 Filling behind Seawall	15.5	5																								
Preparation of Tender Documents for Landfill Contract	1.5	5																								
Tendering Landfill Contract	1.0)																								1 I
Initial Development Phase to Achieve Operation	2.0)																								1 I
Subsequent Development Phases for Landfill	21.5	5																								
Landfill Operation Starts	-	-																								, I
Landfill Operation	28.0)																								

 $\label{eq:bound} \frac{\text{Note:}}{\text{be opened.}} \ \text{This programme shows the earliest date that Eastern Waters Island Landfill could be opened.}$
