**5.0 Responsibility****5.1 Managing Director**

The **Managing Director** shall approve and sign all EMS documents, which include the Environmental Policy, EMS manual, environmental procedures and instructions, Objectives, Targets and Programmes, Register of Environmental Aspects and Registers of Legal and Other Requirements. In the absence of the **Managing**

**Director**, the EMR shall approve and sign the EMS documents.

## 5.2 Environmental Management Representative

The EMR shall work together with the EMS Committee to prepare and revise all EMS documents.

## 5.3 Finance and Administration Department

The **FAD** is responsible for the EMS document control system. The **FAD** shall ensure that only controlled and current copies of documents are used, and distribute the controlled EMS documents to relevant personnel whenever updated versions are available. The **FAD** shall also maintain and update the Master List of Documents.

## 5.4 Departmental Manager

The Departmental Manager shall review relevant EMS documents and procedures, ensure that their subordinates are familiar with the updated EMS documents related to them, and report any proposed changes to the EMS documents and forms to the EMS Committee.

## 6.0 Procedure

### 6.1 Labelling and Numbering System of EMS Documentation

6.1.1 To indicate the status of each document, and to prevent the use of obsolete or outdated documents, the following information shall be stated on each EMS document or procedure:

- Title (subject)
- Document number
- Revision number (which starts from 1,2,3,.....)
- Date
- Document originator
- Authorised person and his/her signature

6.1.2 The numbering system of EMS documentation is as follows :

## 6.3 Distribution and Control of Controlled Documents

6.3.1 The original hard copies of controlled documents shall be signed by the authorised person, and maintained by the FAD.

6.3.2 All controlled documents, and the Master List (Appendix 1) showing the documents and forms issued with the latest revision number and date shall be maintained and updated by the FAD. The FAD shall inform the most recent documentation status and announce the release of new versions of controlled documents to staff.

6.3.3 The FAD shall maintain document distribution records that record the number of copies and their recipients (a template of Document Distribution List is shown in Appendix 2). Hardcopies of controlled documents shall be stamped with "CONTROLLED COPY" in red and subject to update.

## 6.4 Revision of Documents

6.4.1 All EMS documents shall be constantly reviewed and revised as necessary by relevant personnel. Departmental Managers shall report any proposed changes to the EMR.

6.4.2 All revised controlled documents shall be reviewed and approved by the authorized person.

6.4.3 The FAD shall file the superseded Master Copy of the documents, marked with a red chop of "Obsolete Document", in the Obsolete Document File for at least 3 years for reference and traceability.

## 6.5 Control of External Documents

6.5.1 External reference documents not available on the company server (e.g. Regulations, Technical Memorandums, Code of Practice, Professional Guidelines / Notes) shall be properly collected and maintained by the FAD. The FAD shall

maintain and update a master list of external documents for control purposes and make it accessible to staff. Controlled copies of reference documents shall be marked with a red chop of "controlled document". The FAD shall maintain records for document distribution.

## 6.6 Computer Backup, Security and Control

- 6.6.1 Responsible personnel shall back up the server data **bimonthly**.
- 6.6.2 For the control of access rights to the EMS documents on the company server, it shall ensure that only the FAD and the EMR are able to change documents on the server. All other staff shall be able to read and print the documents only.
