

SHENZHEN ENVIRONMENTAL ASSEMBLY COMPANY

Environmental Policy

Shenzhen Environmental Assembly Company (SEAC) is specialized in the manufacturing and assembly of photocopying machine. Our main production lines consist of manually and automatically operated machines applied to all types of electronic components used in today's electronics. SEAC's services are predominately provided for customers in Japan.

Producing environmentally-friendly, quality and competitive products has always been our goal, and we believe it will help us to establish the good and long-term business relationship with our clients.

The Company is committed to protecting the environment of the Earth.

To minimize environmental impacts concerning our activities, products and services, we shall:-

- Identify, control and monitor our products and operation processes in an environmentally responsible manner.
- Comply with applicable legal requirements and other requirements to which the Company subscribes which relate to its environmental aspects.
- Establish, review and continually improve our quality and environmental management objectives and performance.
- To establish targets and objectives for short-term and long-term improvement.
- Educate, train and motivate employees to carry out tasks in environmentally responsible manner.
- Encourage environmental protection among suppliers and subcontractors.

This Policy will be communicated to all staff, contractors and suppliers, and be available for the public.
