

Guangzhou Meeting on Emissions Trading Pilot Scheme for Thermal Power Plants in the Pearl River Delta (PRD) Region

HKEPD and the Environmental Protection Bureau of Guangdong Province jointly held a meeting with power companies in the PRD Region in Guangzhou on 18 May 2007. The meeting was to introduce the details of the Implementation Framework of the Emissions Trading Pilot Scheme for Thermal Power Plants in the PRD Region and to promote exchange of views among power companies and government departments on both sides. Representatives from 12 power plants and power companies in the PRD Region, including the two power companies from Hong Kong, attended the meeting.
