Notes to Application

- (1) The master, the owner (including owner, bareboat charterer, manager and operator of the vessel) or the agent of a vessel may apply to the Environmental Protection Department (the EPD) for an exemption from the application of section 4(1) of the Air Pollution Control (Ocean Going Vessels) (Fuel at Berth) Regulation (Cap 311AA) by adopting sulphur dioxide (SO₂) emission control technology in the vessel.
- (2) An exemption may be granted only if the vessel uses technology that can achieve the reduction of SO₂ emission during berthing at least as effective the use of 0.5% sulphur fuel.
- (3) The application must be made at least 14 days before the date on which the vessel is intended to enter the waters of Hong Kong for the first exempted call in relation to the exemption.
- (4) The EPD may require the applicant to provide any further information or documents that it considers necessary for determining the application.
- (5) An exemption may be granted subject to any conditions the EPD thinks fit.
- (6) The EPD may grant an exemption for a period of 3 years (starting from the approval date of exemption); and renew an exemption, each time for a period of 3 years.
- (7) An application for renewal must be made not earlier than 3 months before, and not later than 14 days before, the date on which the exemption expires.
