(ACE Paper 22/98)
for information

A Biodiversity Survey of Hong Kong

At the 35th meeting of the Advisory Council on the Environment (ACE) held in January 1997, Members noted that a Biodiversity Survey was being conducted by the Department of Ecology & Biodiversity of the University of Hong Kong (HKU) and expressed interest in knowing more about the Survey in due course.

2. A paper which briefs Members on the background, objectives, methodology, deliverables and present position of the Survey is produced by Professor Dudgeon of HKU for Members' reference (the Annex). Professor Dudgeon will also attend the ACE meeting on 18 May 1998 to brief Members on the Survey and answer Members' queries.

3. Members are invited to note the contents of the paper at the Annex.
