

**Extended Port Facilities and Light Dues Incentive Scheme
(1 July 2015 – 31 March 2018)**

Notification of taking measures to reduce emission of air pollutants while berthing

Please send the completed form to the Environmental Protection Department by email to ogvincentive@epd.gov.hk or fax to (852)2838-2155, **within 48 hours** after arrival[#].

Part I: Particulars of Vessel

Name of Vessel	Call Sign
EPD Registration Number	IMO Number (If no IMO number, please provide vessel registration number)

Part II: Confirmation

Date of Arrival [#]	Time of Arrival [#]
------------------------------	------------------------------

I confirm / have granted the confirmation from the shipmaster or his representative that, the vessel mentioned in Part I above adopted the following measure to reduce emission of air pollutants within 1 hour from arrival (please tick where appropriate):

- ☐ marine fuel with sulphur content not more than 0.5%; according to the bunker delivery note, the sulphur content of the marine fuel is _____%.
- ☐ liquefied natural gas;
- ☐ fuel approved by the Director of Environmental Protection (hereafter called the Director) under section 11 of the Air Pollution Control (Ocean Going Vessel)(Fuel at Berth) Regulation (hereafter called the Regulation);
- ☐ technology for which an exemption has been granted by the Director under section 6(1)(a) of the Regulation;
- ☐ onshore power supply; or
- ☐ any other technology that can achieve sulphur dioxide emission reduction at least as effectively as using marine fuel with sulphur content not more than 0.5% while berthing in the waters of Hong Kong and approved by the Director. (Please provide details for assessment of the technology.)

_____ Name of Signatory	_____ Capacity of Signatory
_____ Telephone Number	_____ Email Address
_____ Date	_____ Signature and Company Stamp

Remark

[#] Arrival, in relation to a vessel, means the moment when the vessel is first securely moored or anchored at a berth.
