**Notes:** The table shows the scoring for each criterion and criterion group.

- "Max. Score" indicates the highest possible score that can be achieved within a criterion group.
- "Score" indicates the actual score in absolute figures the EPR has achieved for each criterion ranging from 0 to 4.
- "% of Max." indicates the actual score achieved out of the possible maximum score ("Score" divided by "Max. Score") within each criterion group.
- "Tracking" acts as a reference point back to the EPR.
- "Comments" allows for the inclusion of supporting notes and ideas for improvement.
