Dear Sir or Madam

Is the massive infrastructure programme that is underway to improve the water quality in Hong Kong's famous VictoriaHarbour= Victoria Harbour Reclamation which is currently under going?

This is very ironic, on the one hand we were asked to give recommendations to help & improve the water quality of the "beloved" VictoriaHarbour; on the other hand the massive reclamation is ongoing.

The water near the Wanchai ferry pier is stagnant & pungent.- Do you know why?- It is because of the abusive land reclamation in order to build the Exhibition Center 3rd phase.- The harbour died because of the reclamation.- Our hearts also died with the Victoria Harbour-ongoing reclamation projects.

I-loved taking the ferry at Star Ferry to go to TST.- Now I am not dare to take the ferry to cross the harbour as the reclamation work makes me feel very heart aching.- Do you understand how I feel?- Do you know what I am trying to tell you?- I know I am reading the poem in front of a cow.

Yours truly
Cheng Tsang Wing
